DEDICATION . . .

To "Pop" Marr, a symbol in music at Shasta, we humbly dedicate this book. It was from his efforts that so many students have learned the real value of music. It was Mr. Marr who backed the Community Concerts. It was he who founded the Band Clinic, an annual feature at Shasta. With diligence Mr. Marr has built up the music library until it is the largest in Northern California. Every year Mr. Marr presents the Christmas Cantata and a mass musical production at graduation. In addition, he has served long hours as clerk of the Board of Trustees.

Mr. Marr has worked long and hard as a music leader in both the school and community. We hope our efforts are worthy of the example set before us.

Friends, Romans, countrymen, lend me your earmuffs.

A good yearbook is the scrapbook that you neglected to start or forgot to finish. It contains the memories of one of the most important years of your life. It is a photograph album containing pictures of all of your friends and the familiar faces you see around school. Each picture reminds you of something: the cool auditorium, your crowded locker, the noisy cafeteria, or the tingling excitement of a basketball game.

Our senior year holds many memories for us, not only of scholastic interest, but of national interest. We shall not forget 1953 . . . the era of the Bunny Hop and the ponytail, the terrible Tehachapi earthquake, the beautiful Christmas tree in the middle of Redding, the Korean truce talks, the first football game in the College Stadium, the test explosion of the first H-bomb, "Real George, all the way," and the night Red Bluff stole our victory bell. These are only a few of the memories that crowd our scrapbook.

Every scrapbook has a theme. It may be the subject in which you are majoring, an activity such as Drill Team or football in which you are interested, or it may be the boy with whom you are going steady. Every person's life revolves about some intense interest.

When it came time to pick a theme for the yearbook, it was only natural that the DAISY Staff should select music. With such organizations as the Shasta High Band, the A Cappella Choir, and the hard-working orchestra as our inspiration, we could choose no other.

Music underlies the cultural part of life and is an important aspect of our education. A good school program is based on harmony and rhythm. Each person, in such a program, participates for the good of the whole. Naturally there are discords, but these discords only serve to clarify the good principles of life and living.

With these ideas in mind, we present a musical scrapbook. We hope that you will enjoy reading it in the years to come.

SCHOOL

Most seniors, upon being graduated, look back upon high school as having been a happy, joyful experience which they are sorry to leave. Those who have participated in sports and dramatics, or in any positions of leadership or service, have enjoyed a personal satisfaction beyond that which comes from their normal course of study alone.

There is no happiness more satisfying than the joy of service to others. It brings recognition and power; for power in the individual is generated by the respect and esteem of one's fellow man.

Graduation has traditionally been called "commencement." Why is it the beginning rather than the end?

Because it has opened the door to opportunity—opportunity to become productive; to take gainful employment; to share in building a home; to participate in community life; or to go on to higher education and greater service. It has opened the door to the pursuit of happiness!

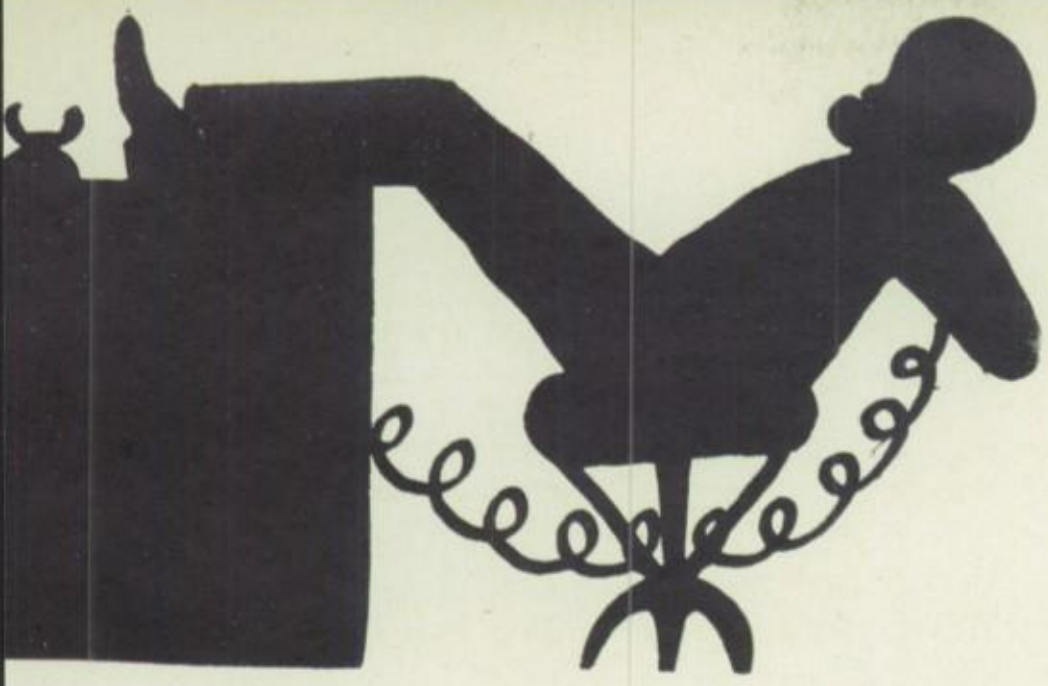
In planning our future, and for our future happiness, one principle should always guide our thinking: joy comes in service to others rather than in service to self. "It is more blessed to give than to receive."

Happiness is a state of mind. It can be very elusive if, in seeking it, the means is selfish. It is often found where it is least expected. More often than not, those who are looked upon as "superior," and who appear to "have everything" have little of it; while those who are most humble are most happy.

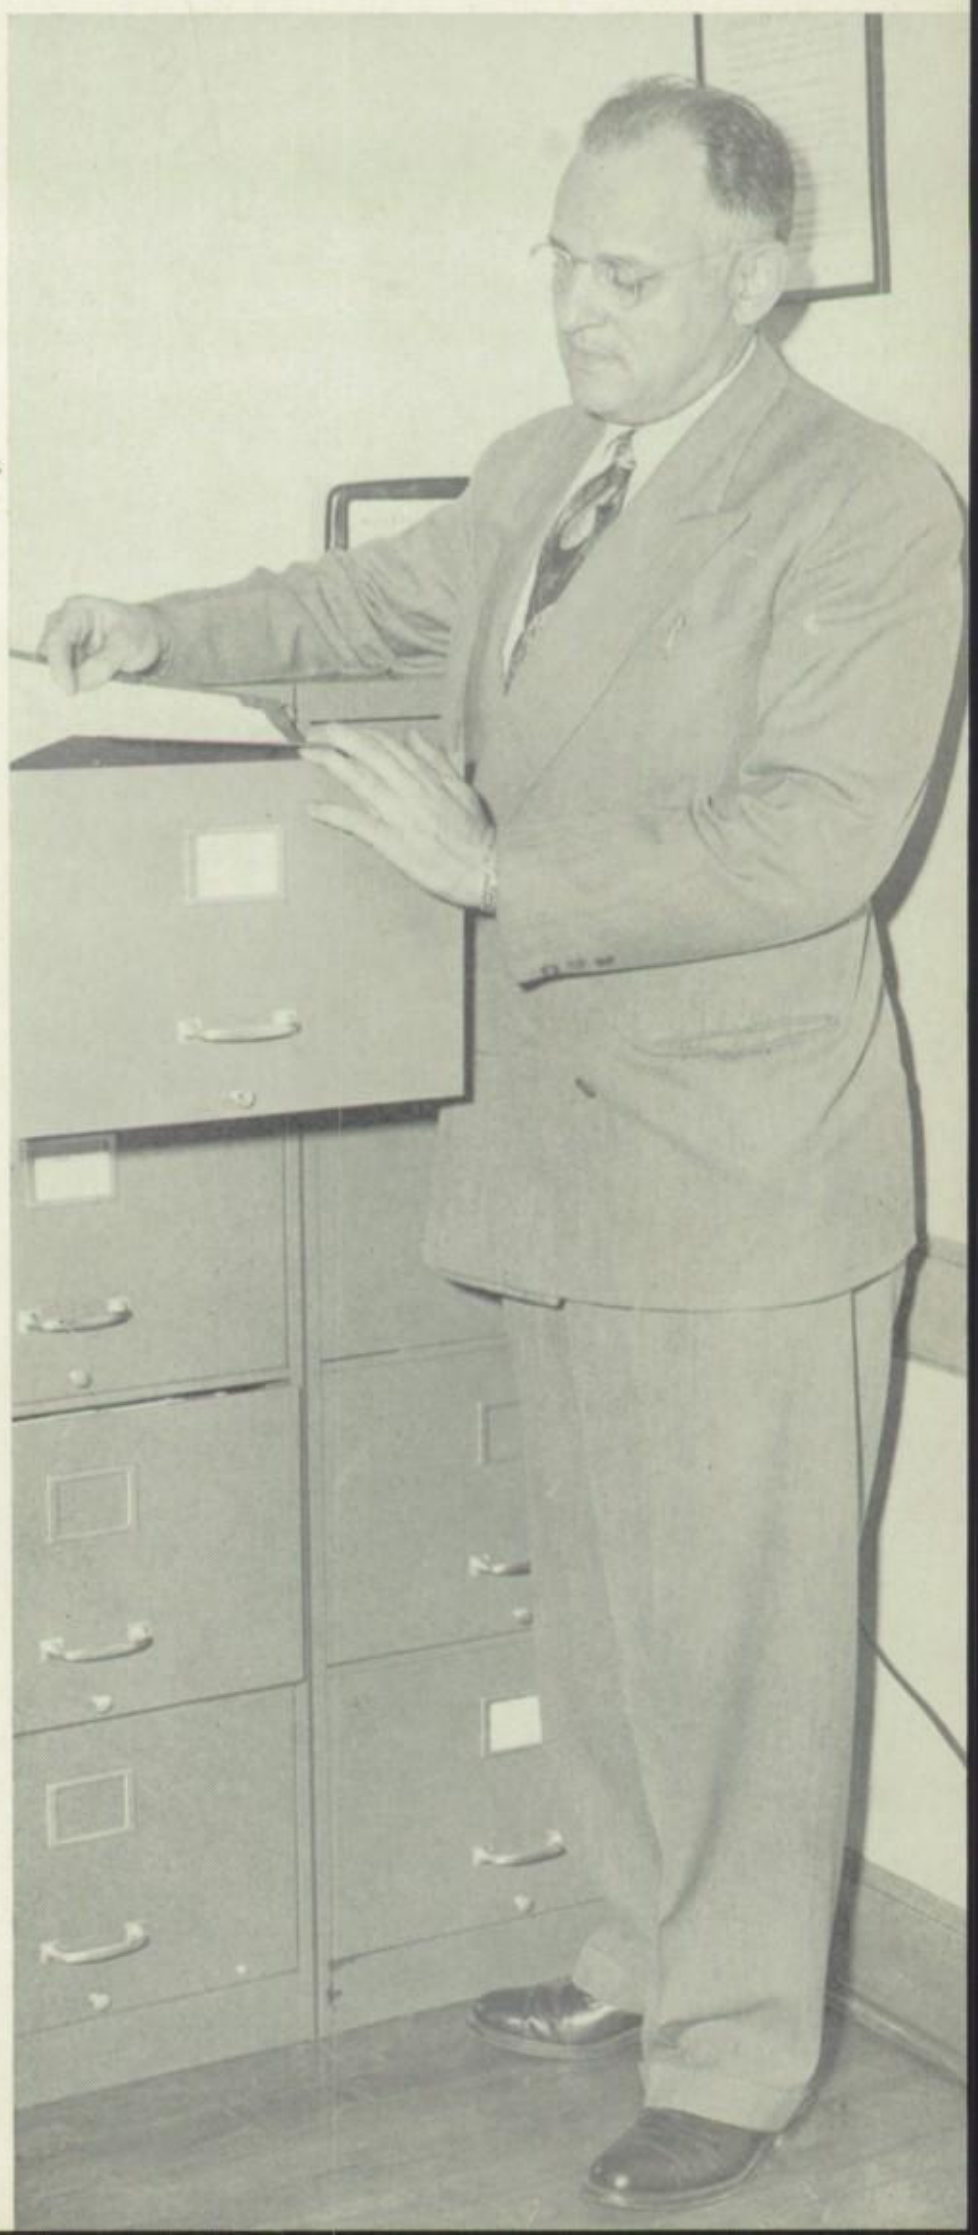
There is nothing noble in being superior to another person. True nobility comes in being superior to our former selves.

As graduates, you are prepared for a worthy service. My thought to you at parting, then, is each to his own calling, and may you serve well.

JACKSON PRICE
District Superintendent



HAROLD PUFFER
Principal



The school year of 1952-53 is now ending and you, as the class of 1953, are ready to take your place with the many other alumni of Shasta Union High School. Many changes have taken place in the last four years since you arrived at high school as freshmen. As you look back on this four-year period it has represented much work and many good times. We certainly hope that it has been very profitable, with valuable experiences and many happy memories.

Many of the attitudes and many of the friendships developed through these years in high school will be the ones you cherish through your entire life. You are now ready to take up a new and entirely different phase of your education. Many of you will continue here at our own Shasta College while some will attend other colleges in California and in other parts of the country. A large group of your class will also go into immediate employment and, of course, many will go into the service of our country.

It is, of course, very difficult to predict the future. However, under our American way of life and with the dawning of the atomic age; and the United States taking such a prominent part in world leadership, your apparent opportunities are probably greater than those of the classes who have graduated before you. As individuals, your success will depend largely upon your desire for success through the application of high moral and ethical standards, the effort you are willing to put forth and your willingness to tackle new problems with the feeling that you can and will succeed.

LEFT TO RIGHT: Mr. Ed Frisbie, Mr. Russell Thompson, Mr. Matt Rumboltz, and Mr. C. W. McClung.
Mr. Dudley Saeltzer was absent.

BOARD OF TRUSTEES

Good schools don't happen by accident; nor do they just grow up like Topsy. Rather, they are the result of careful and wise planning and supervision. Plans for the establishment, the development, and the growth of public schools are, in general, made by Boards of Trustees.

The presently-used Shasta Union High School buildings were dedicated in 1927. These facilities have now been used over a quarter of a century. Many schools become obsolete and are discarded in less time than this. Shasta's facilities are still very modern and functional, and can perhaps be used another seventy-five or hundred years. This reflects wise, economical planning and proper care and maintenance.

A Board of Trustees establishes the policy under which a school operates, grows, and develops. It approves the course of study and the annual budget. It employs the personnel and fixes their salaries.

Shasta College was established, after long study and consideration, by resolution of the Board of Trustees and upon advice and counsel of a lay advisory committee. It has already proved its worth in serving the community. This represents one of the many functions of a Board of Trustees.

Obviously, the Board of Trustees has many very responsible services to perform. Its members must be vitally interested in the growth and development of the community, and interested, particularly, in the welfare of youth. They must be willing to give unselfishly of their time and energy. Membership on the Board demands the highest caliber of citizenship.

Members of the present Governing Board of Trustees of the Shasta Union High School District, named above, are of that caliber. The youth and the community are indeed fortunate to be represented by them.

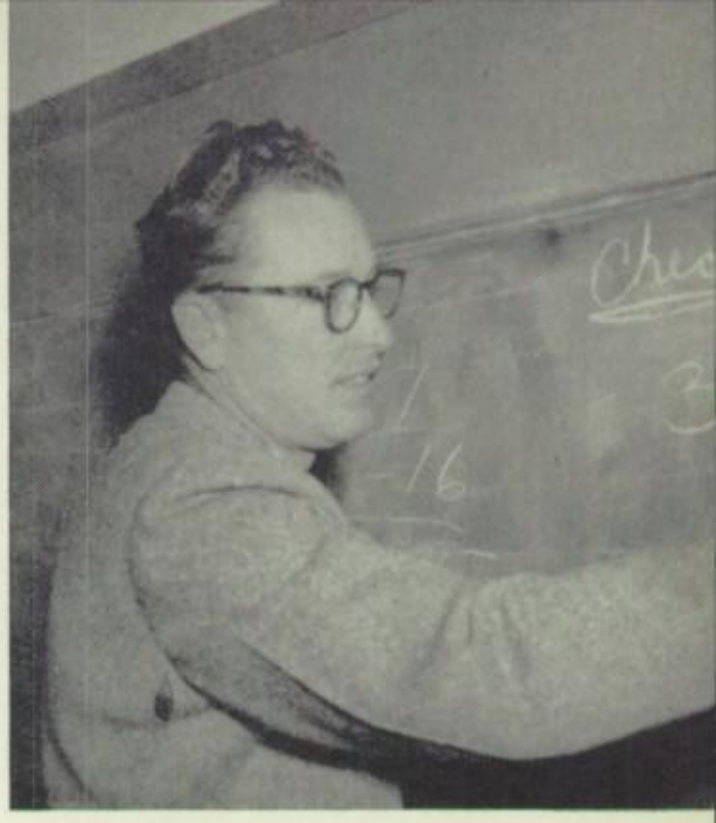
MATHEMATICS

The purpose of the mathematics curriculum is to best prepare students for a future vocation. To accomplish this objective the various courses of mathematics offered may be divided into two fields, those which satisfy a vocational requirement at the high school level and those which prepare a student for study in an allied field requiring a mathematical background. The mathematics courses offered are basic mathematics, first year algebra, plane geometry, second year algebra, trigonometry, and solid geometry. Teachers in this department include Mr. Blizzard, Mr. Abraham, Miss Fish, Mr. Dimmick, Miss Satorius, and Mr. Riley.



MR. EVERETT BLIZZARD

SCIENCE

The science department at Shasta offers six interesting courses which are as follows: general science, biology, chemistry, general physics, and physiology and anatomy.

Teachers in this department are Mr. Blizzard, Miss Cotton, Mr. Dancer, Mr. Dimmick, Mrs. Henninger, and Mr. Spencer.

In order to graduate, the student must have had one year of a laboratory science. They may choose between chemistry, physics, or biology. Physics is the more advanced and seniors only are eligible for this course.

General science, a course open to freshmen only, is a preview to all sciences.

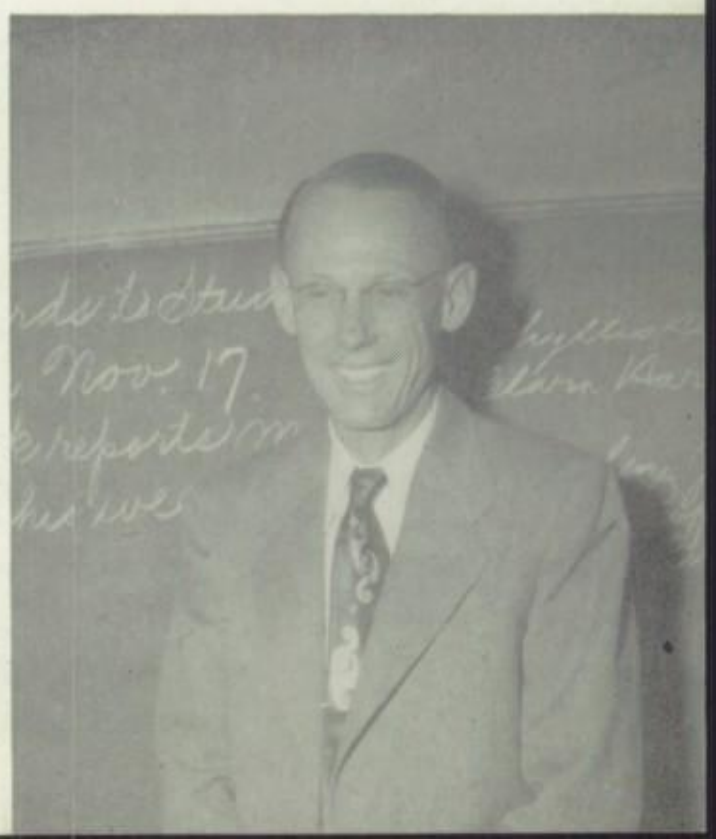
Physiology and anatomy is a study of the workings of the human body. It is an essential course to students going on to medical or nursing careers.

COMMERCIAL

The business education department is represented by seven instructors: Mr. Burt, bookkeeping and typing; Miss Hocking, stenography, office practice, and typing; Mr. Riley, typing and general business; Mrs. Twaddle, merchandising, stenography, and placement service; Miss Varesio, typing and general business; and Mr. Wagner, stenography, selling, and general business.

Vocational training offered includes four fields: stenographic, bookkeeping, selling, and clerical. Stenographic training and sales training are highlighted by on-the-job training in which some seventy to eighty students combine downtown training with classroom work. Job placement under Mrs. Twaddle has been responsible for placing over three hundred students on various jobs during the school year.

MR. RONALD WAGNER
Department Head



MR. CLARK MORFORD
Department Head

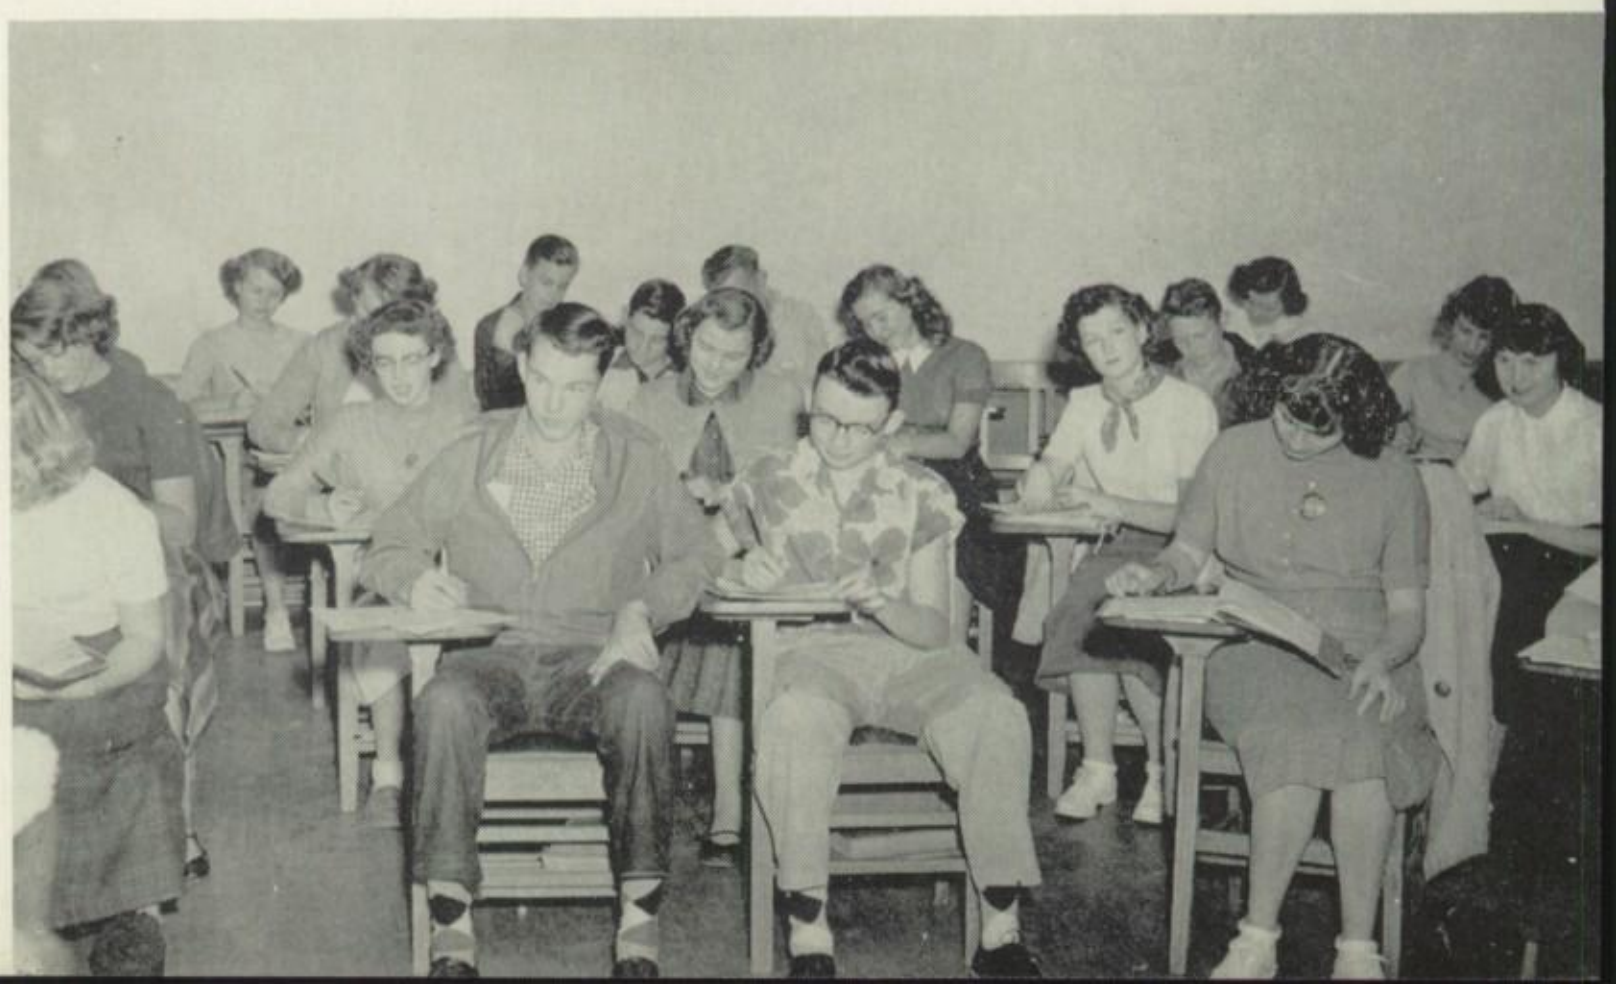
SOCIAL STUDIES

The social studies department is to help our students to become better citizens. The various subjects enable us to appreciate our heritage, to better understand today's problems and to solve them by means of past experiences.

Mr. Jackson, Mrs. Thatcher, Mr. Gregg, Miss Georgas, and Mr. Grush teach Citizenship I and IV classes. Citizenship I is an orientation course for freshmen and Citizenship IV is a senior problems course, which emphasizes civic, social, and economic problems.

Mr. C. Morford, Mr. Marvin, and Miss Jessen teach U.S. history and Civics which is a required course for juniors.

The faculty members in this department hope that their students will learn to live more democratically and to believe in and practice our way of life—Democracy.



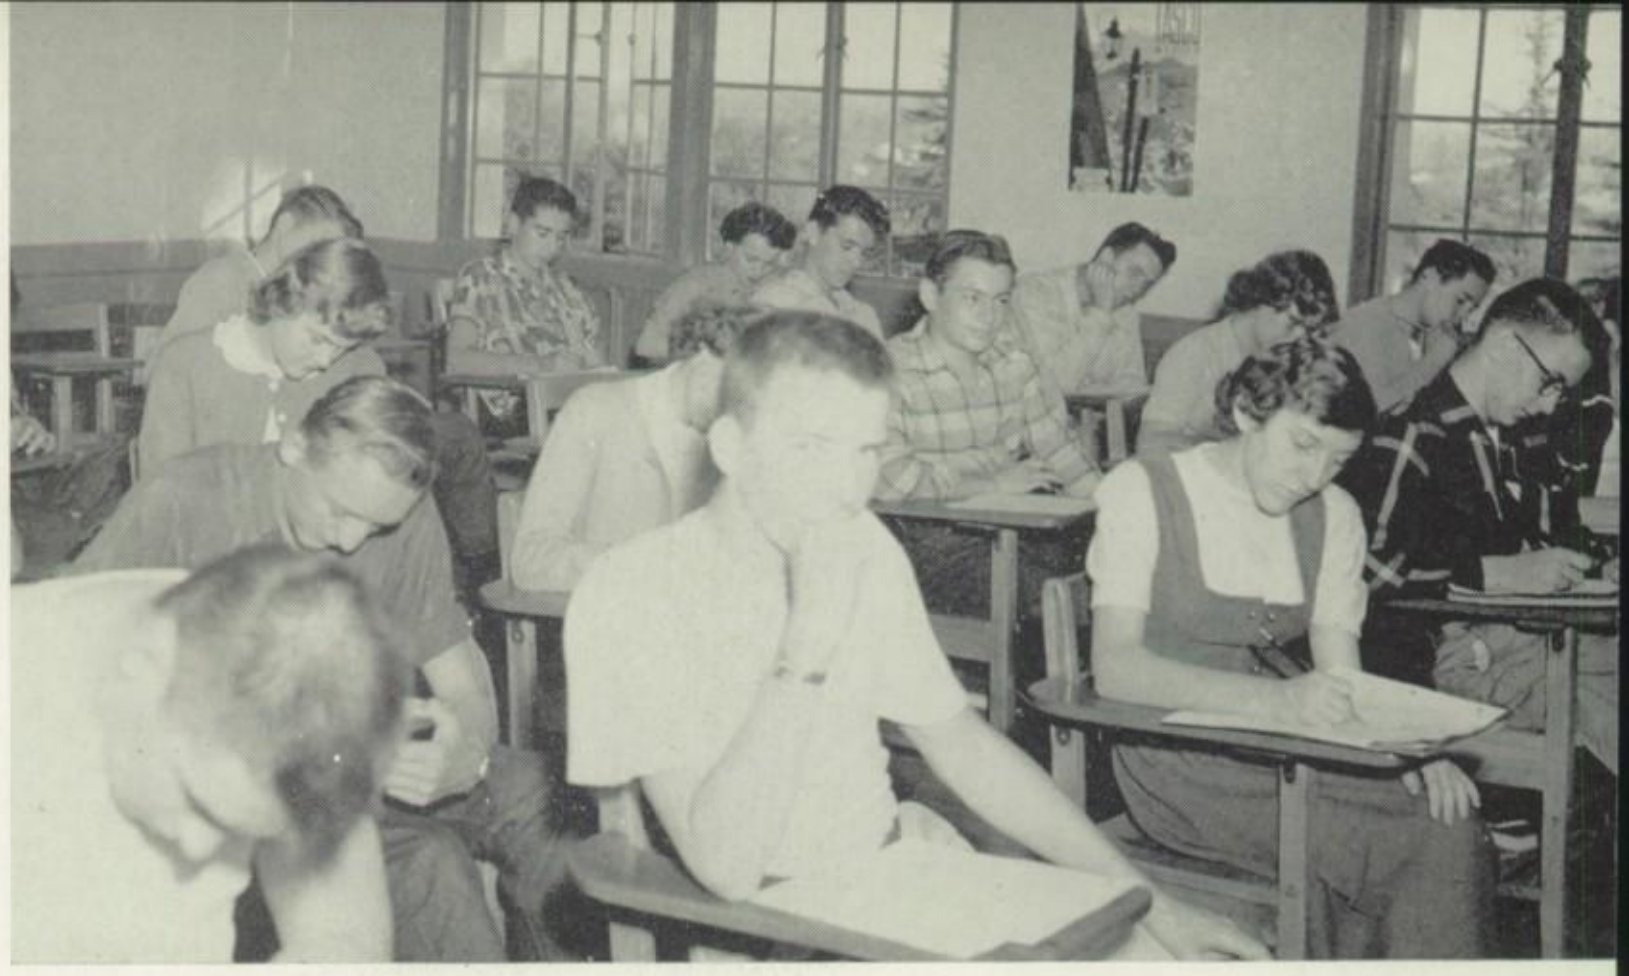
ENGLISH

The English department is one of the largest departments in the school since English is a required subject in the freshman, sophomore, and junior years.

The courses offered are not only the regular English classes, but include vocabulary, speech, dramatics, and journalism. English I and II cover a wide field of literature, composition, and grammar. English III concentrates on American literature, and English literature and grammar are studied in English IV. Remedial English is offered to senior students who failed to pass the junior English examination.

The department faculty are Mrs. Wortley, Mr. Henninger, Miss Clark, Miss Fish, Mr. Hamlin, Mrs. Moody, Mrs. Gill, Miss Leak, Mr. Mann, Mr. Marvin, Mrs. Padgett, Mrs. Love, Miss Varesio, Mr. Haake, and Mr. Grush.

MRS. ELSIE WORTLEY
Department Head



MISS PHYLLIS REEVES
Department Head

LANGUAGE

The Language department at Shasta is essential to the college preparatory course which many students follow during their four years at high school.

Teachers in this department include Miss Reeves, Mrs. Ulrich, Miss Fish, and Mr. Henninger.

Languages offered are French II, Latin I and II, and Spanish I, II, and III. German, offered in previous years, was not on the program this year.

Spanish III is a fairly new course here. The students learn to read newspapers and magazines of Spanish-speaking countries and go into more advanced lessons.

Latin II, a continuation of Latin I, involves studies of Caesar and other Roman writing and goes on with grammar.

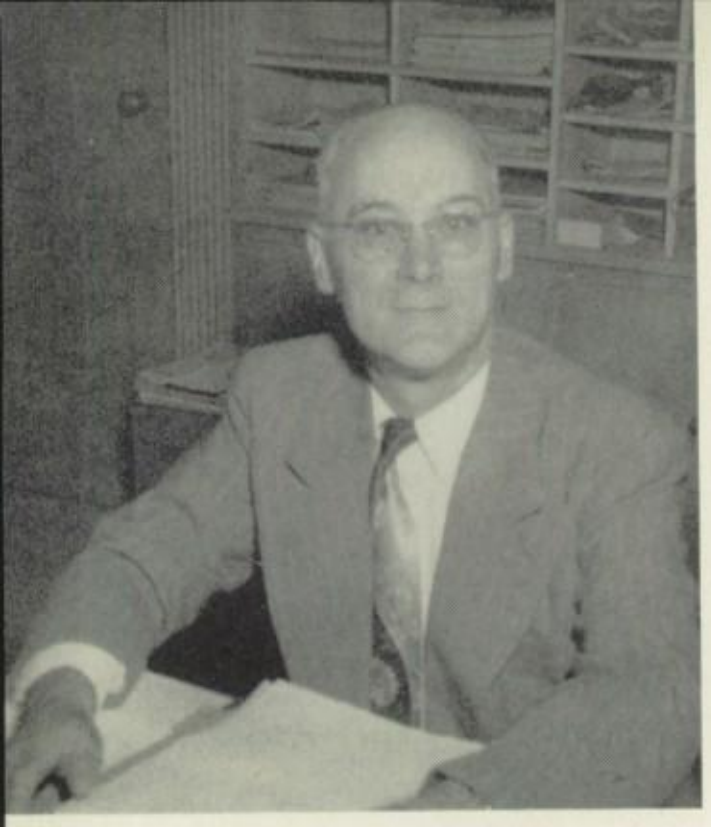
French II concerns learning to speak and read more advanced French and also studies French history and culture.

MISS BEATRICE KEMPF
Department Head

ART

The art department, under the supervision of Miss Kempf, is a very active part of the school. The department strives to stimulate art appreciation so that the student may enjoy and use it now and in later life. It also serves to find talented art students and begins their vocational training. The students are given practice in creative art expression and also provide posters for various club dances and other events, such as student body card sales and Daisy sales.

The courses offered by the department are: Art I and II, Art III, applied art and sophomore crafts. These courses cover a wide field of drawing, painting, and design. In the department are Miss Kempf, Mrs. Hiehle, and Mrs. Love.



MR. DAVID MARR
Department Head

MUSIC

The music department provides marvelous opportunities for students interested in music, and furnishes programs for the school and the community.

The department consists of two sections—vocal and instrumental. Included in the vocal section are boys' advanced glee, beginning mixed chorus, girls' chorus I and II, and a cappella choir. Courses in the instrument section are band I and II, and orchestra. String and band lessons are provided for students as courses.

Girls' chorus II presents many fine programs, the most outstanding being the Christmas Cantata which has become a tradition at Shasta.

The a cappella choir is to be congratulated as, although this is its first year, it has established a high place in providing entertainment at many different events.

The band plays at all the rallies and league games. It also presents the annual Band Clinic in which all the schools in Northern California participate.

The orchestra presents itself at different assemblies and programs.

INDUSTRIAL ARTS

Mechanical drawing, plastics, art metal, woodshop, auto mechanics, general mechanics and machine shop are open doors at Shasta for beginners training in these general trade fields.

A total of eight hundred students are now being instructed in grades nine through twelve. Elements of safety, basic design, consumer education, trade appreciation and pride of workmanship are presented.

Shop experience promotes a feeling of self sufficiency and a sense of tangible personal improvement. Tools and methods of modern industry are employed to help create a "real life" learning situation.

Vocational preferences can be recognized by this varied offering, and further training pursued to the end that worker efficiency is improved, personal satisfaction increased and occupational misfits are avoided.

Teachers include Mr. Bedynek, Mr. Carter, Mr. Hawkins, Mr. Kimmell, Mr. Nelson, Mr. Nord, and Mr. Spencer.

MR. ARTHUR NELSON
Department Head

MR. NELDON TAYLOR
Department Head

AGRICULTURE

The purpose of the courses in vocational agriculture is to train boys to become more proficient in the skills and techniques of farming and to establish them in the farming business.

The teachers in this department include Mr. Taylor, Mr. Hillman, and Mr. V. Morford.

Courses taught are Agriculture I, II, II, and IV. In addition, there is a four-year course in farm shop work in which the boys are shown how to solve all mechanical jobs that they will encounter on their farms.

In Agriculture I, students are taught record keeping, soil and plant studies, introduction to livestock problems, and the establishing of a farming program for every boy taking the course.

In Agriculture II, the care and management of dairy and beef cattle, sheep, swine, and poultry production is studied.

In Agriculture III, animal breeding, animal sanitation and disease control are studied.

Agriculture IV includes courses in farm management and marketing.

HOMEMAKING

MRS. MARGUERITE GRABAN
Department Head

In the homemaking department, the girls study basic human interests —food, clothing, shelter, and personal relationship—which helps people to achieve happy, healthy homes and communities. During the present school year, three courses—Homemaking I, II, and III—are being taught by the following teachers: Mrs. Graban, Miss Korb, and Mrs. Love.

In Homemaking I the following units are covered: understanding young children, learning to sew, improving one's appearance, helping with family meals, home nursing, getting along with friends, and making a room livable.

Making and selecting clothes for oneself, sharing responsibility for family meals, preventing home accidents, getting along with one's family, planning an attractive and efficient kitchen are units covered in Homemaking II.

In Homemaking III the girls study planning, preparing and serving family meals, family health, money management, planning for marriage, making suits and woolen garments, and guiding young children.

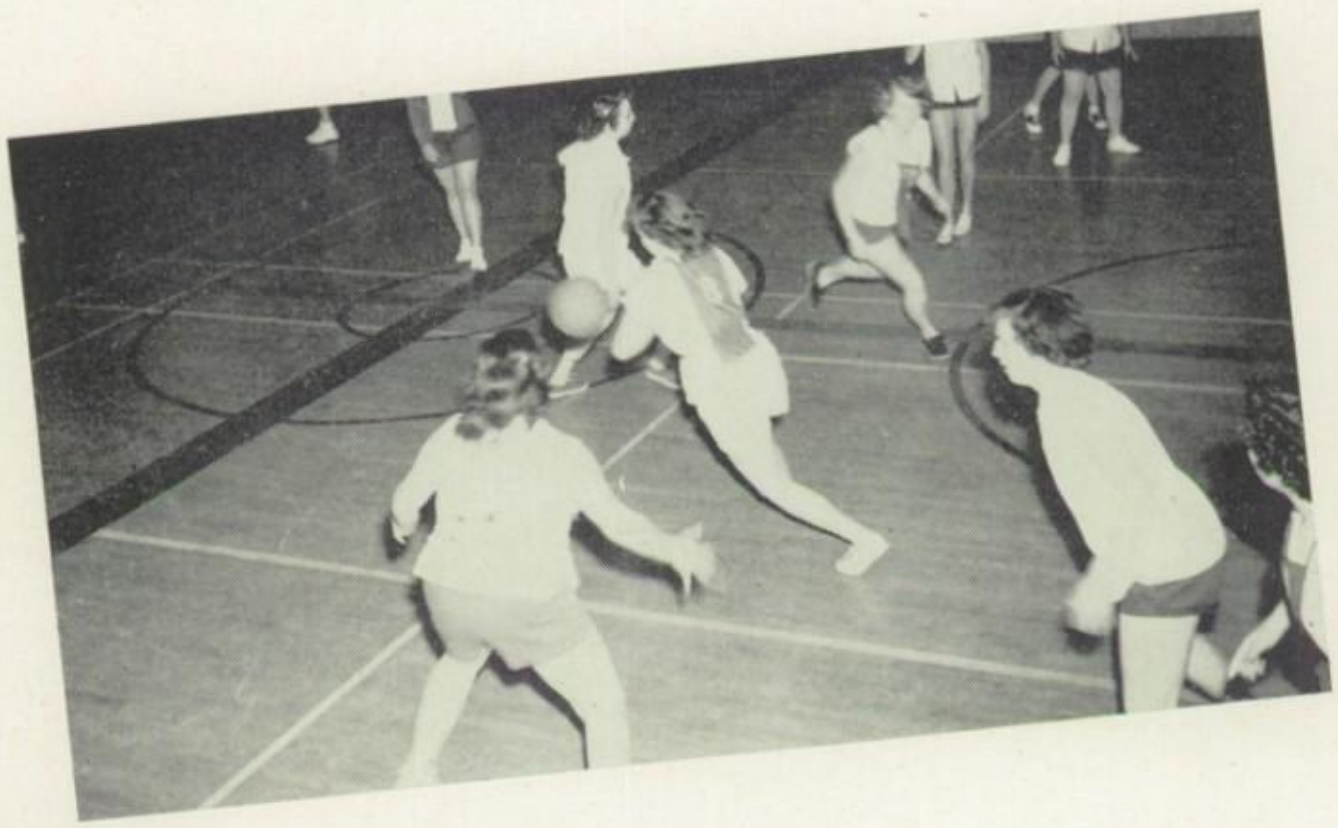
MR. CARL A. GILMORE
Department Head

PHYSICAL EDUCATION

Physical education is a required subject for both boys and girls.

Girls' physical education teachers include Miss Cotton, Miss Jarmon, and Mrs. Shuman. The activities cover such sports as volleyball, speedball, badminton, tennis, ping-pong, basketball, shuffleboard, and swimming. Folk dancing is also practiced during the winter months. Although the girls do not enter into interschool competition, various classes compete with one another.

Teachers of boys' physical education include Mr. Carl Gilmore, Mr. John Grantham, Mr. Edward Grimm, and Mr. C. K. Stevens. The boys' activities include football, baseball, basketball, swimming, and calisthenics.



JOURNALISM

Journalism I is primarily to acquaint students with the techniques and standards of newspapers. The course instructs them in writing the different types of stories and the actual process of printing a paper.

Members of the Journalism II class compose the *Volcano* staff and, under their capable advisor, Mr. Haake, publish the weekly school paper. This paper is financed by downtown advertisements and a percentage of the student body card sales.

Staff positions are held for one semester and at the end of that time, the Journalism II class selects the new staff.

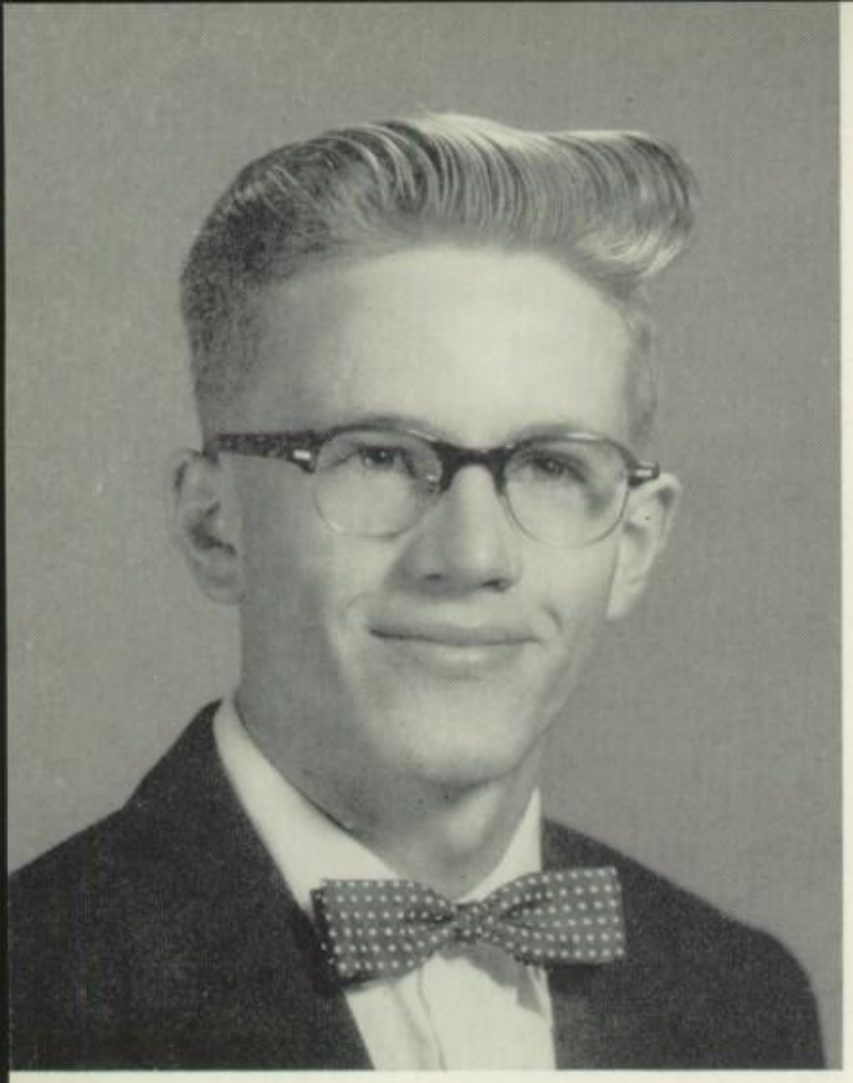
STUDENT GOVERNMENT AND CLASSES



LEON NELSON
Student Body Pres.
First Semester

THIS ...AT

Leon Nelson was elected to the office of student body president for first semester and managed an outstanding job of leading the more than fifteen hundred students of the school. He was capably assisted by Bill Kimball, vice-president; Sharon Smith, secretary; and Don Stewart, treasurer. Jerry Livingston, boys' tax collector, and Gail Loustalot, girls' tax collector, established a new high in student body card sales.

Under this fine administration, many excellent assemblies were presented to the students. Among these assemblies was the traditional Red Bluff exchange assembly. The first exchange assembly with Chico was also introduced.

A petition concerning sidewalk installations along Eureka Way for the sake of safety to the students was drawn up by the student council. A group of students then presented the signed petition to the city council, who promised them that action would be taken on the matter.

Shasta's football team went on to win again in the Big Five League, thus becoming the Northern California champions. Bob Carl and Ray Sanders were co-captains of the team. The football yell leader, Gloria Ely, along with her assistants, did a fine job of leading the students in support of their team. The drill team and the band presented colorful drills for half-time activities during the season.

Janice Milton and Barbara Ellen Brown, delegates from the Daisy, and Clair Orlebeke and Pat Erby, delegates from the Volcano, attended the Journalism Conference at Stanford University in October. Another outstanding conference was the Northern California Youth Conference which was held at Dorris, California. Delegates from Shasta presented a panel discussion on national affairs. Jim Trussas, a sophomore delegate, was elected president of next year's conference.

The first semester at Shasta was indeed busy and prosperous!

YEAR SHASTA

HARRY LEE

Harry Lee was elected Student Body President for the second semester. Harry was assisted by: Bob Carl, vice-president; Ted Underwood, student body secretary, and Joyce Hill, student council secretary.

Many fine assemblies were presented during the second semester and they were enjoyed by all.

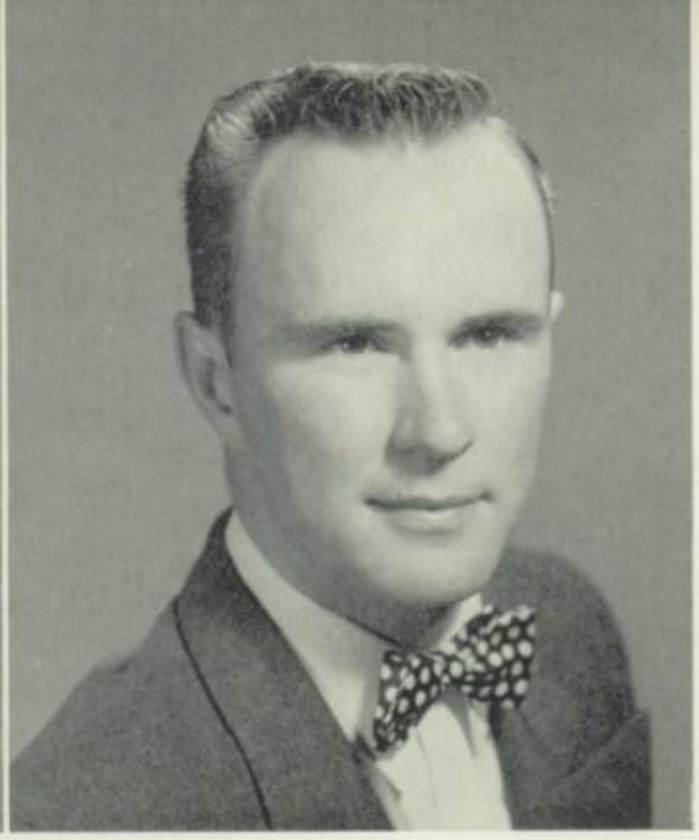
The wonderful yells and peppy rallies, conducted by Pat Elliott and her helpers, Don Elliott and Lynne Williams, really got the basketball season off to a good start. They inaugurated a new fight song, that everyone liked.

They were many conferences held during the second semester. One of the largest conferences was the Chico Student Leaders Conference. The Richardson Springs Girls' conference was held late in the spring. The students who went to these conferences really learned a lot and the benefits from them will be felt for many years. The string and choral clinic at the College of Pacific was attended by the orchestra and the A Cappella choir. Those who went agreed that it was a wonderful experience. The band held its annual band clinic which was attended by eighteen Northern California High Schools. This clinic is quite famous and the band students look forward to it every year.

This year for the first time Shasta sent some delegates to the Student Legislature conference at Sacramento. It promises to be one of the best conferences held each year.

The second semester proved to be very successful and will be long remembered.

BILL KIMBALL



BOB CARL

STUDENT COUNCIL

The student council is the governing body of the school. It is composed of all the student body officers, class presidents and class representatives. It votes on many important issues and each year approves the school budget which allots money to the various school activities.

The vice-president of the student body is president of the student council. Bill Kimball the fall semester president and Bob Carl the spring semester president really did a very good job. The student council secretary is elected by the student body each semester. It is her duty to be at all of the council meetings and to faithfully record what is voted on. This is one of the most important student body positions. Jean Huck and Joyce Hill were student council secretaries this year.

Aside from doing the school business the student council cleaned the trophy case and also cleaned the school grounds. The student council passed an appropriation to have the highway patrol inspect the cars at Shasta. This is a safety measure and will be of great value to the school.

Although the student council activities are relatively unknown to many students, its benefits are felt by all.

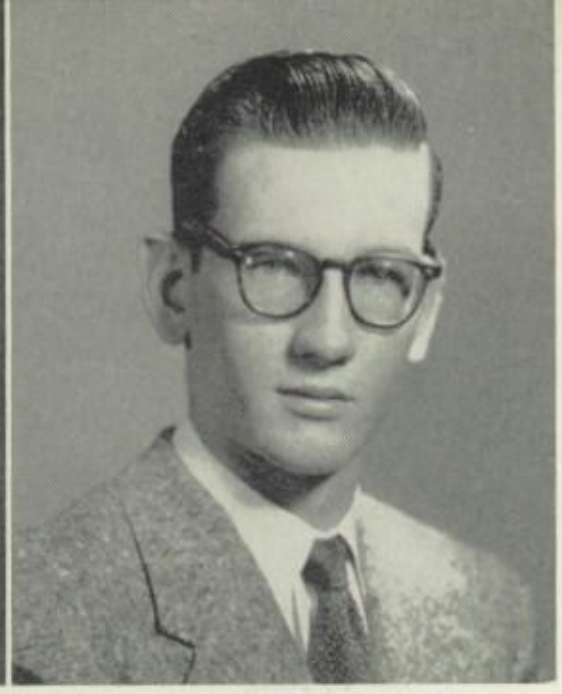
BOB McGRATH



FRANK BAXTER

THE CLASS OF '53

Bob McGrath	President	Frank Baxter
Pat Elliott	Vice-President	Gerry Frank
Joann Williams	Representative	Janice White
Eugene Wahl	Treasurer	Joann Bigelow
Sharon Smith	Secretary	Phyllis Firth
Bob Carl	Yell Leader	Leon Nelson

During the first semester of their last year at Shasta, the seniors were capably led by Bob McGrath. Bob was assisted by Pat Elliott.

The seniors voted on their gift to the school, and the majority decision was to erect an outside drinking fountain.

The seniors were active in all phases of school life. Seniors Leon Nelson and Harry Lee were student body presidents. As always, the seniors were active in sports. Bob Carl and Ray Sanders were co-captains of the football team.

With Frank Baxter as president, the seniors started the second semester with enthusiasm. Dick Friebel was basketball captain, and twenty-four seniors were in California Scholarship Federation. Fred Saunders, Betty Trapp, Leon Nelson and Patricia Ferrell won Bank of America cup Awards.

All in all the last year at Shasta was the most wonderful. As we look forward, we know that we can go assured of the future, happy with the knowledge of past friends and experiences, and eager to learn what life holds for us.

The Junior Class, showing its scholastic abilities, led in California Scholarship Federation with fifteen members the first semester. It elected as presidents, Gary Loustalot and Don Elliott.

The class sponsored its annual Junior Prom which is always a favorite dance with the students.

The Junior Class participated in all school activities. Ted Underwood was elected student body secretary, and Joyce Hill was elected student council secretary.

The class was active in sports. Quite a few juniors placed on both the varsity and junior varsity football teams. They had several men on the A basketball squad.

The juniors certainly had a very successful year and they are looking forward to a prosperous senior year.

The Sophomore Class flourished under the capable leadership of Ed Bigelow and Harry Greer.

The sophomores participated actively in the school activities and sports. There were several sophomores on the A and B basketball team, and the sophomores were outstanding on the junior varsity football team.

The class gave a Bad Taste dance which was popular with the students.

Eight sophomores belonged to California Scholarship Federation. Among the six high point members of that organization, three were sophomores.

The sophomores have shown their talents in many ways. They can look forward to an outstanding junior year.

Starting off its year at Shasta, the Freshman Class was led by Bill Newman and Claude Johnson.

This year for the first time the Frosh had the magazine sales. The highest previous sales had been 2,200 subscriptions. The Freshman, doing things up right, sold 4,441 subscriptions. They also voted to help buy the A Cappella Choir robes. They donated $300 to the A Cappella from the money made on the magazine sales.

The Freshmen were active in sports. They placed eleven men on the Junior Varsity football team and eight on the B basketball squad.

As you can see, the Freshmen started their years at Shasta with enthusiasm and energy. Much can be expected of them in the future.

ORGANIZATIONS

GLEE CLUBS

This year Shasta was very fortunate in having five glee clubs. They ranged from the brand new a cappella choir to the well-known advanced girls' glee.

The boys were well represented in the boys' glee, mixed glee, and a cappella choir. These clubs were led through a very successful season by Mr. Wadsworth.

There was, as usual, the younger girls' glee, which prepares the student for three and four part singing, and the advanced girls' glee. Mr. Marr was the director of these clubs.

Shasta High's glee clubs were very much in demand. They sang at the assemblies, at the Chico and Red Bluff exchange assemblies, music festivals, the String and Choral Clinic at College of Pacific, as soloists with the Shasta Symphony, and gave a very wonderful performance at the graduation ceremonies.

BAND

The Shasta Union High School Band is the busiest organization in our high school. No school rally or important athletic game is complete without the band. They also participate in all of the community events throughout the year where a band is needed. This included the visit of President Truman, the visit of Vice-President Nixon, the Christmas Pageant, Memorial Exercises, and other events.

The most important duty of the band is the sponsoring and organization of the Annual Band Music Clinic. This clinic has been held in their band room for six years and attracts band members from twenty high schools in Northern California. The band attended the Northern California Music Festival in Berkeley last year and returned with highest honors.

This group made nine public appearances the first quarter of this school year and will no doubt average the usual twenty-eight public appearances established in former years.

The band begins the year with approximately forty to forty-five members carried over from the former year, but new material is added as the students finish the preparatory work required of all new members who make the band.

In addition to the events mentioned before, the group keeps busy with concerts, game routines, various trips to other schools, and all the incidental duties of a school band. They furnish the music for the Shasta High Girls' Drill Team.

The band has been organized over thirty years and intends to always keep busy and willing to do the things asked of them by their school and community. They own sixty-seven band uniforms, possess what is probably the largest music library in the state, play in one of the best band rooms in the country, use a large inventory of band instruments, are greatly conscious of the endeavors of a large band alumni who have provided the materials and tradition of the Shasta High Band, but best of all, they intend to keep on trying to earn the appreciative interest displayed by the Shasta High student body and the Shasta Union High School District.

The type of students in the membership of the band is due to the amount of work that is required for entrance and membership in the group. Twenty-two awards were won by the seniors in the band at the 1952 Commencement.

ORCHESTRA

The Shasta Union High School Orchestra, under the direction of Mr. Wadsworth, had a most successful year. They played for local organizations, school affairs, and for the operetta. The orchestra tackled some difficult numbers such as Concerto Grosso I, by Handel, and Serenade, by Mozart, and surprised many by conquering these beautiful compositions.

Every year some of the students are chosen to attend the String and Choral Clinic at the College of the Pacific, in Stockton. Those who attended had lots of fun and gained a lot of valuable experience.

The members of the orchestra are: first violins, Mary McClain, Patsy Smith, Monte Fuller, Edith Milton and Joel Dawes; second violins, Nancy Brown, Charles Lychen, Nelda Walters, Bertha Murphy, Lois Schoenhoff, and Allen Robertson; viola, Beverly Alexander; cellos, Lois Fonseca, Gwin Miller, and Shirley Reed; bass, Willis Thompson; and piano, Terry Riley.

This year, for the first time, a string quartet was organized. The quartet is composed of students who like and are interested in music. The students in the quartet were: Mary McClain, Patsy Smith, Lois Fonseca, and Beverly Alexander.

This year the choice of the play to be presented was left to the students. They chose a murder mystery titled, "A Murder Has Been Arranged."

The setting was an old abandoned theater in London. An eccentric millionaire, played by Alan Dotson, gave a party in the theater on the night he was to come into his inheritance. An uninvited guest, who was the other heir, killed him. This disreputable character was played by Leon Nelson.

The rest of the play was concerned with proving that Leon Nelson killed the millionaire. A little sub-plot was the romance of the millionaire's wife, Barbara Burke, and a young man masquerading as a reporter, Claude Johnson. Barbara's mother, Beverly Morrow, was a typical match making mother-in-law. Supporting these were Jackie Fry, the millionaire's secretary; Vickie Harter, a cockney maid, and Diane Dragoo, a deaf and dumb woman.

The stage hands did a wonderful job on costumes, lighting, and scenery.

MA

Kampus Kapers '53 was unique in that many students were able to take part.

The show opened with a number which included the entire cast. This was quickly followed by several short individual acts. The first portion of the program concluded with the big production number, "Cuban Moon."

The second part began with a chorus line of twelve girls. While the first portion was devoted to skits and pantomimes, the second part had more specialty acts such as dancing and singing. The show closed with another act which featured the whole cast, "Carnival."

Both the orchestra and the stage crew deserve a great deal of credit. The orchestra gave a polished performance that one would have to go far to equal. The stage crew had to change scenery at a terrific rate of speed.

Kampus Kapers set a record for a musical production at Shasta. Over five hundred dollars was taken in as clear profit. Approximately one thousand and fifty people saw the show on the two nights it was presented.

DRILL TEAM

Dressed in neat pleated skirts, white sweaters, and purple weskits, the drill team was always ready to perform at a football or basketball game. Always preceded by six pert majorettes, the drill team added much color and entertainment to the half-time activities. Several drills were performed with the band, who helped the drill team succeed in all their performances.

Under the capable supervision of Mrs. Shuman and her assistants, Melody Anderson and Pat FitzRandolf, the drill team was able to perform several intricate drills with pompons.

At the Drill Awards Banquet, the girls received their awards. The first year girls got a numeral; second year members, a letter; and the third year members, a pin.

The honor society at Shasta High is Chapter 262n of the California Scholarship Federation, a state-wide organization. It was organized through the efforts of Miss Ora Leak and Superintendent Jackson Price. The present advisors are Mr. George Henninger and Miss Phyllis Reeves.

Any student is eligible if he has earned ten points, two of which may be for extracurricular activities. Points are awarded on the basis of three for an A and one for a B. To qualify for life membership, a student must have been a member for six semesters, including one semester of his senior year.

The society's motto, "Scholarship for Service," has been upheld, for many of the members are able student leaders, and have participated widely in school activities.

Our local chapter has had a very successful nineteenth year. Highlighting the second semester was the annual "Skip Day," which was enjoyed by all the C.S.F. members. It consisted of a picnic and an afternoon of softball and swimming.

The members are outstanding not only in grades but also in athletics, student leadership, and other extracurricular activities.

Miss Leak

A cheery smile, a helping hand, a kind thought, that was Miss Leak. That smile, that hand, and that thought will long be remembered by those who knew her. Shasta was Miss Leak's life and to the students she had dedicated herself. It will never be known how many students she has helped to walk the right path. Life gave Miss Leak a job to do, a place to accomplish it, and the kind heart and patient soul with which she did her job. She lived in kindness, patience and wisdom. Let us remember her in gratitude and friendship.

G.A.A.

The Girls' Athletic Association is an organization composed of girls who have earned seventy-five or more points playing Speedball, Volleyball, Badminton, Basketball, Ping Pong, Shuffleboard, Track, and Tennis. These points are earned by participating in inter-class games after school.

Another way of obtaining points is by attending playdays, both here at Shasta and at other schools. This year the girls attended a basketball playday at Red Bluff. We hosted a basketball playday here with Red Bluff, Corning, Anderson, Fall River, and Chico attending. G.A.A. had a booth at the Ag Ball which featured hot pop corn.

At the end of each year one senior, who is outstanding for her good character, scholastic ability, and participation in activities, is chosen by the members of G.A.A. and the faculty to have her name engraved on the G.A.A. Golden Cup. This cup is sponsored by the Women's Improvement Club of Redding.

To wear the Circle "S," the member must have earned 700 points. When the member has earned 900 points she is entitled to wear her first star, and when she reaches 1100 points she is presented with the second star. The G.A.A. pin is awarded to any girl who earns 1500 points.

G.A.A. was again under the direction of Miss Cotton.

GIRLS' LEAGUE

The Girls' League is a service organization whose purpose is to foster understanding and fellowship.

Membership is open to all girls at Shasta who are interested in joining.

Service to the community as well as to the school, is the aim of Girls' League. At Christmas time needy families of Redding are given Christmas baskets by the organization.

The fall semester was highlighted by one of the biggest events of the year, the Sadie Hawkins' Day dance. Following the Dogpatch tradition, the boys were asked to the dance by the girls. Many of the girls presented their dates with vegetable corsages.

Early in the spring semester a skating party was held by the members of Girls' League. It was planned to promote fellowship and understanding among the girls at Shasta.

One of the most important and worthwhile events of the organization, the Richardson Springs Older Girls' Conference, was held later in the spring semester. A delegation of outstanding junior and senior girls was chosen to represent Shasta. The theme this year was "The Wheels of Progress."

This outstanding event was followed by an equally pleasant one, the Mothers' Day Tea. This was an afternoon tea to which all the girls' mothers were invited. A fashion show, featuring the latest spring and summer styles, was presented by the girls.

It is the hope of the Girls' League that every girl profits from being a member of the organization.

PEP SOCIETY

CHRIS GERSHANOFF
First Semester President

MISS HOCKING
Advisor

Our Pep Society has sailed smoothly through a successful year under its capable and well qualified leader, Chris Gershanoff. The club was grateful for two fine and peppy sponsors, Miss Hocking and Mr. Gregg, faculty members. Both helped immensely in guiding the club through the year.

You have seen us hard at work promoting school spirit at Shasta by rooting for the Wolves at the games and attending to such duties as selling tickets for the rooters' buses to out-of-town games, making pompons, decorating goal posts, ushering at football and basketball games, and selling window stickers.

As always we worked hard on the downtown pep rallies to make them a success and sponsored an enjoyable dance in the fall. We were kept busy making plans for the Pep Assembly in the Spring, and the Annual Pep Society Banquet.

The Pep Society members took an interest in the club and tried to earn points to be qualified to wear a pep sweater at the games and rallies which added color in the rooting sections at the games.

F. F. A.

The Future Farmers of America, more commonly known as the F.F.A., is a national organization of, by, and for boys studying vocational agriculture in public secondary schools under the provisions of the National Vocational Education Acts.

The F.F.A. is a non-profit, non-political farm youth organization of voluntary membership designed to take its place along with other agencies striving for the development of leadership, the building of a more permanent agriculture, and the improvement of country life. It constitutes one of the most efficient agriculture teaching devices that has been discovered up to the present time.

The Redding Chapter F.F.A. secured its charter January 15, 1930 and was admitted as the fifty-ninth chapter in the state. In the past twenty-two years the chapter has grown in size, recognition, and power. This year the chapter has a total membership of one hundred and thirty students taking vocational agriculture. This is the largest membership recorded in the club's history.

Our chapter participated in many activities, which were: the Ag Ball, Bean Feed, Parents and Sons Banquet, and Ag Fair. We sent delegates to different state and national Future Farmer meetings and conventions. This year Roy Graves was sent back to Kansas City to the National F.F.A. Convention.

Our motto is: Learning to Do, Doing to Learn, Earning to Live, and Living to Serve.

F. H. A.

The Future Homemakers of America is a national organization of students studying homemaking in junior and senior high schools of the United States. The main purposes of the organization are to further interests in home and community life and to promote national and international good will.

This year the Future Homemakers at Shasta tried something new in organizing their club. Each homemaking class and a group of students not in homemaking classes became a small section of the larger organization. Two representatives from each group were members of a council or steering committee which planned the year's activities.

F.H.A. activities for the year began by sending two delegates, Clare McHale and Yvonne Lee, and the state songleader, Ruth Kuss, to the annual state meeting at Asilomar, Pacific Grove, California. Other projects included a booth at the Ag Ball, making baskets and gifts for needy families of the community, a Christmas party with the F.H.A. boys, individual home projects, and working with Girls' League in presenting the Mothers' Day Tea.

Everyone, whether a member of a homemaking class or not, was urged to join F.H.A. All the girls learned better ways of living, how to get along with others, and various social activities.

The advisors were Mrs. Graban and Miss Korb.

THE STUDENT PATROL

The student patrol has been described as the "conscience of the school." It is an organization composed of voluntary members whose purpose is to keep the halls free from students during the lunch periods. This organization has grown in its importance since the lunch hour has been divided into three periods.

The student patrol is organized under the student council and receives its authority to enforce rules set up by the council. These rules, the student is reminded, were set up by their elected representatives.

Each member is entitled to one point toward C.S.F. if recommended by the advisor and officers of the club.

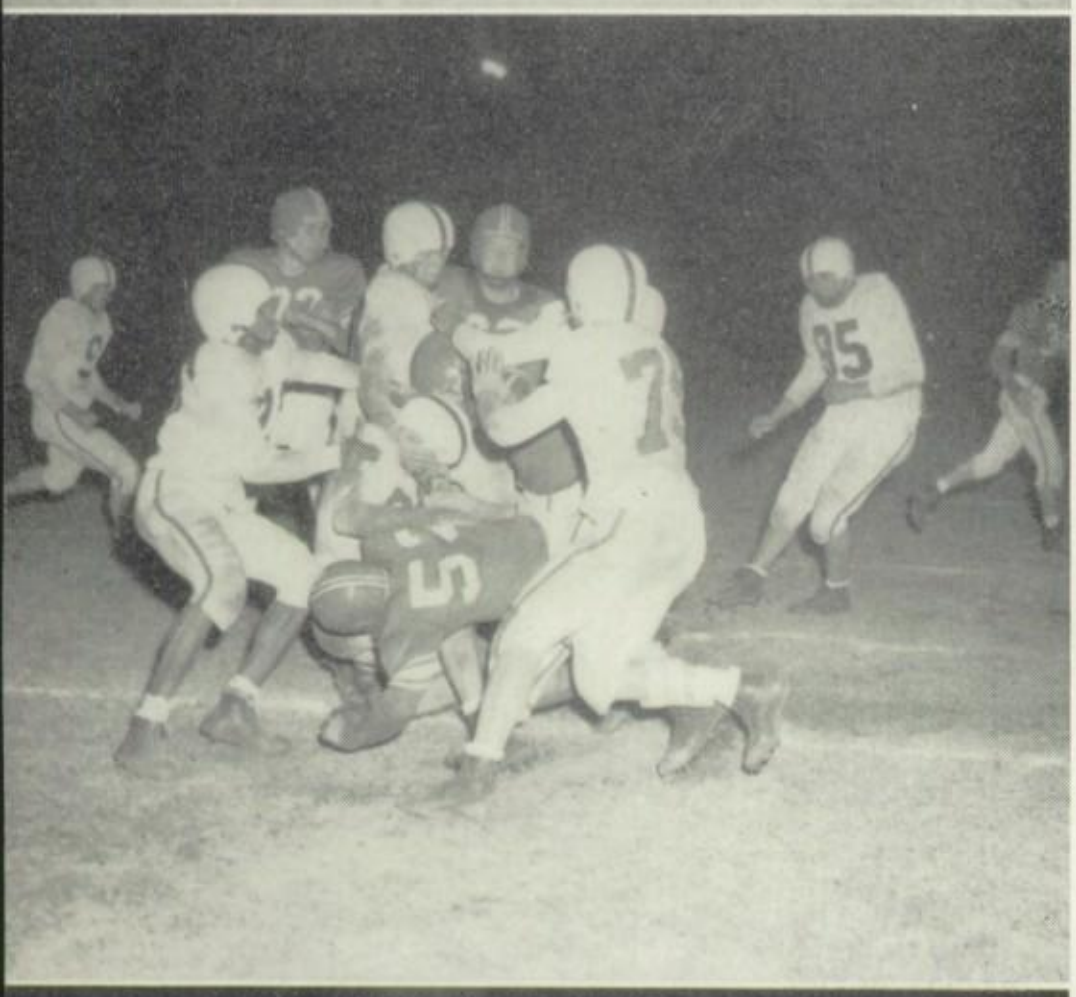
SPORTS

SHASTA 20 - RENO 13

The Wolves handed Reno their first defeat in three years. Led by Pipkin and Riley, the Wolves came from behind in the last quarter to score a great upset.



SHASTA 28 - KLAMATH FALLS 0

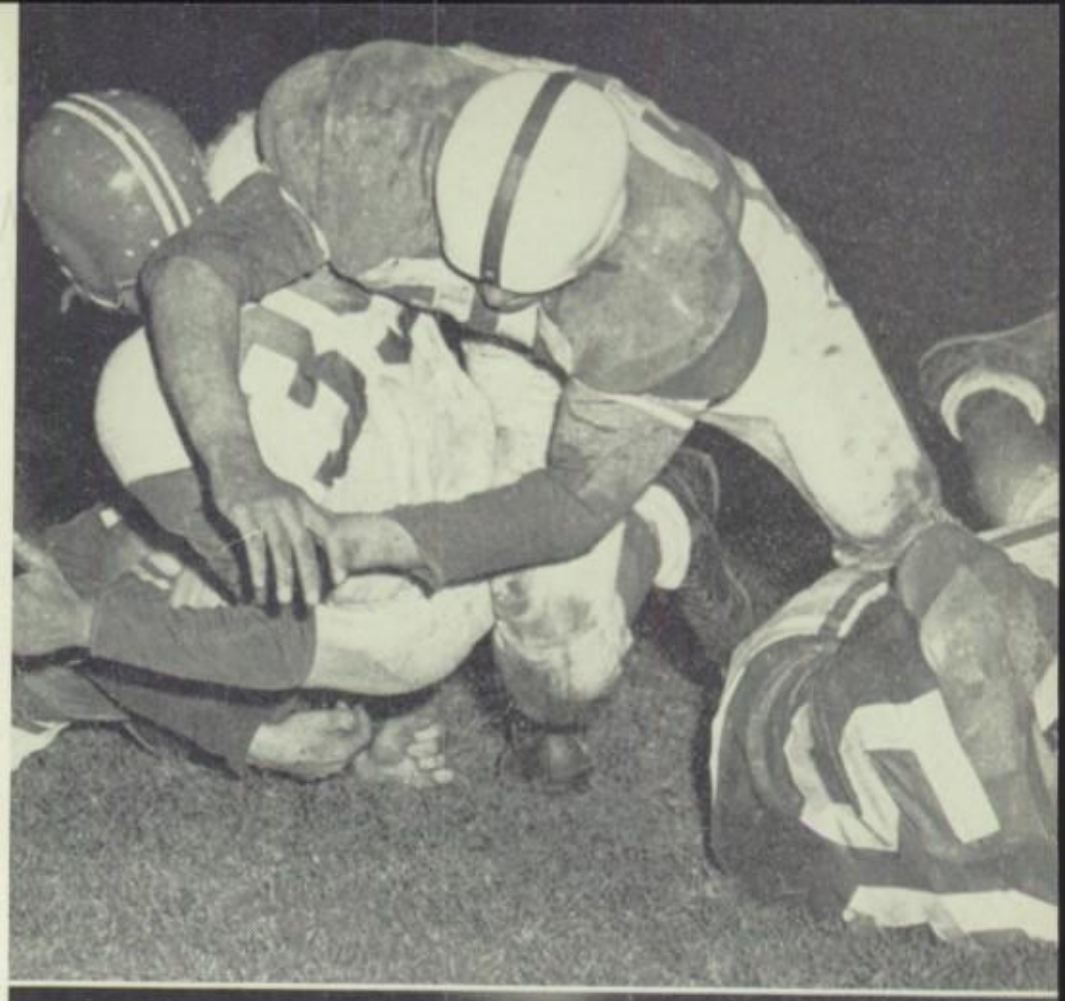
For the first time in the history of Shasta, the Wolves defeated an Oregon team. A terrific offense and a great defense completely outclassed the Pelicans. Carl, Golenor, Sanders, and Nicolet were outstanding.

SHASTA 33 - McCLATCHY 39

The Lions dropped the Wolves in a very exciting ball game, a game that featured many long runs by both sides. Eric O'Brien turned in the longest run, ninety yards. The difference was in the defenses, as Shasta rolled up a lot more yardage, but could not hold on defense.

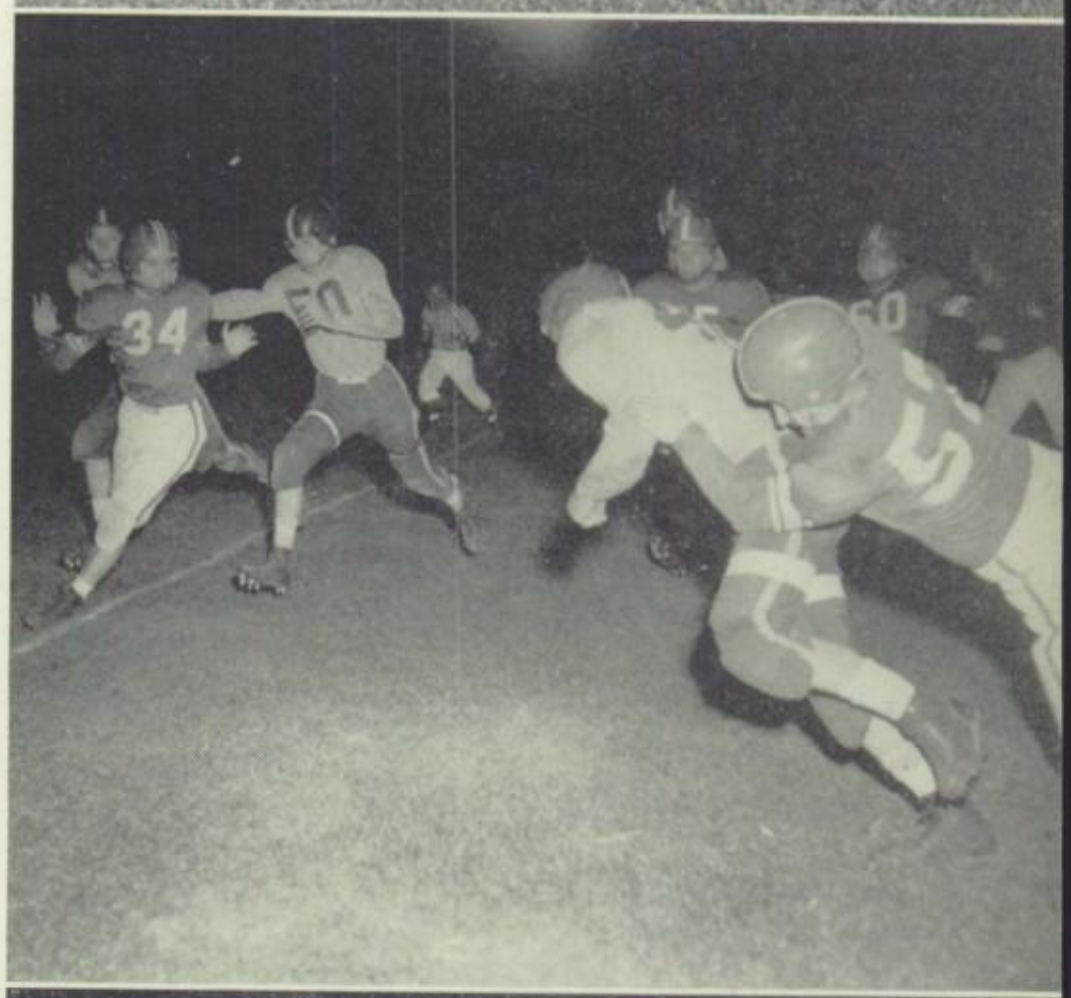
SHASTA 7 - GRANTS PASS 21

The injury-riddled Wolves were defeated by an inspired Caveman team. The defensive team put on a great show, but the offense did not have the punch to put the ball over the last yard marker. Wahl and Gower were great on defense.



SHASTA 40 - CHICO 24

With Chico High, the Wolves finally showed how much power they really had, and rolled all over the Panthers. Behind the beautiful blocking of Carl and Erin O'Brien, Shasta ran wild. After a shaky first half, there was no doubting the supremacy of the Wolves.



SHASTA 41 - OROVILLE 13

Taking the first half to get warmed up, the Wolves turned in one of their best games all year. In the second half, Shasta turned a tight game into a rout. The game was highlighted by Stewart's eighty-seven yard return of an Oroville kick-off.

SHASTA 50 - LASSEN 26

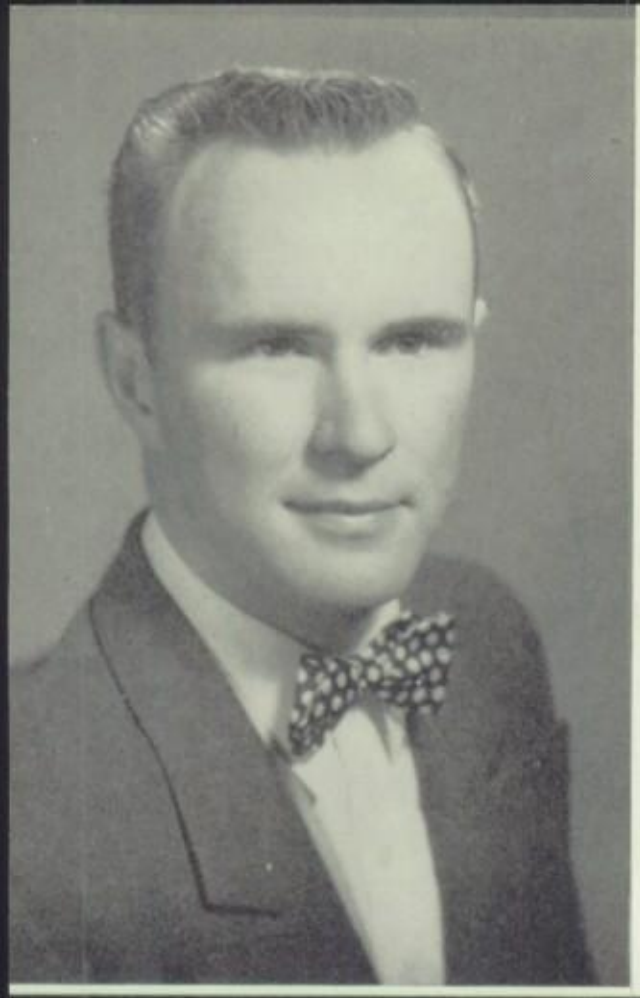
Shasta had to work hard, but finally got by Lassen. It was a better game than the score shows. Sparked by great line play, the Wolves notched their twenty-fifth straight league game without a defeat. Golenor kicked Shasta's first field goal in over five years.

SHASTA 38 - RED BLUFF 13

Putting out a supreme effort, the Spartans held Shasta back for a little while, but the power of the Wolves was not to be denied. This victory gave the Wolves the League Championship for the sixth consecutive year.

SHASTA 48 - WEED 7

The Wolves ended the season with a win from the Siskiyou Champs. The first half was very tight, but the last half was a run-away. The great conditioning paid off for the Wolves as they were just too much for the Cougars.



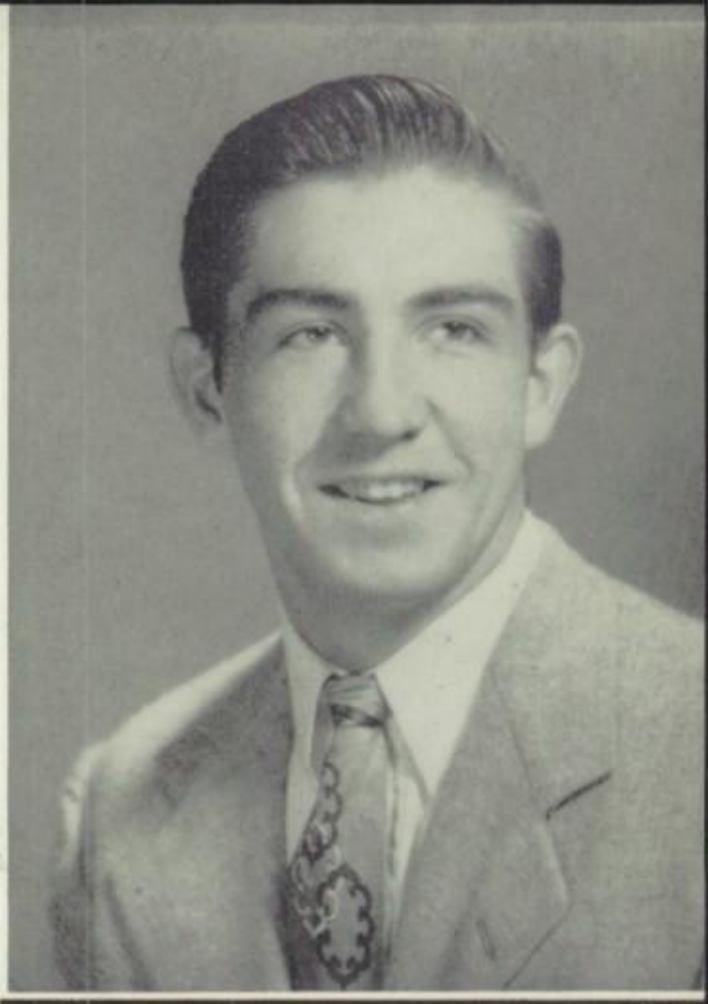
VARSITY CO-CAPTAINS

BOB CARL

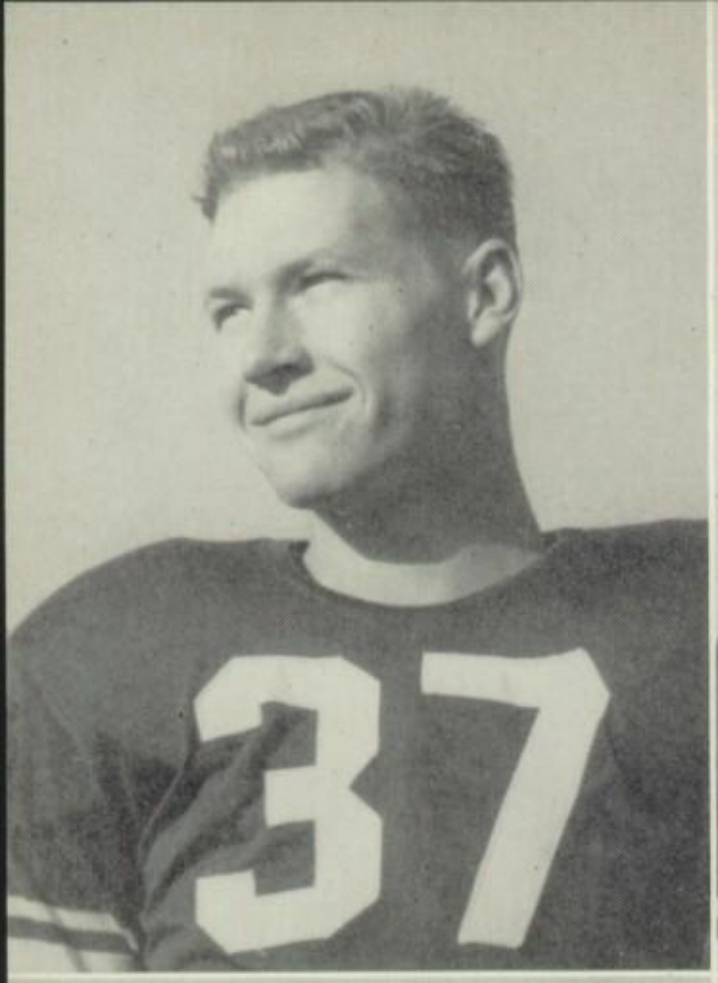
180 lbs. Center. Four year letterman. Bob was one of the greatest centers in the history of Shasta. He was greatly under rated. Two years all-conference.

RAY SANDERS

157 lbs. Guard. Three year letterman. Ray played both on offense and defense. He was great on down field blocking and did not get the credit that he deserved. First team all-Big Five.

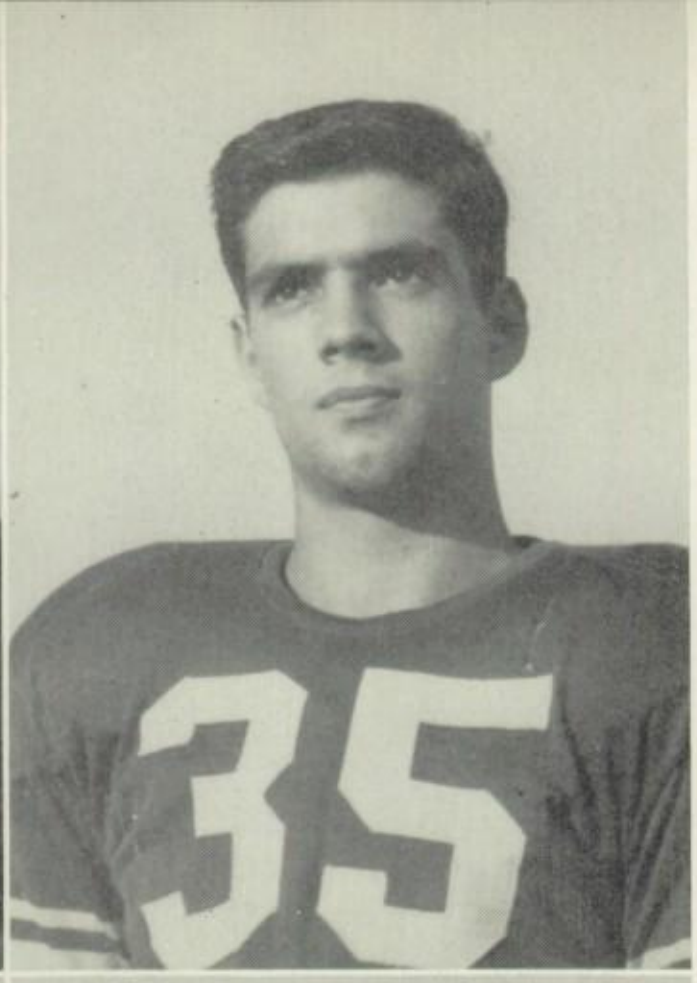


SENIOR



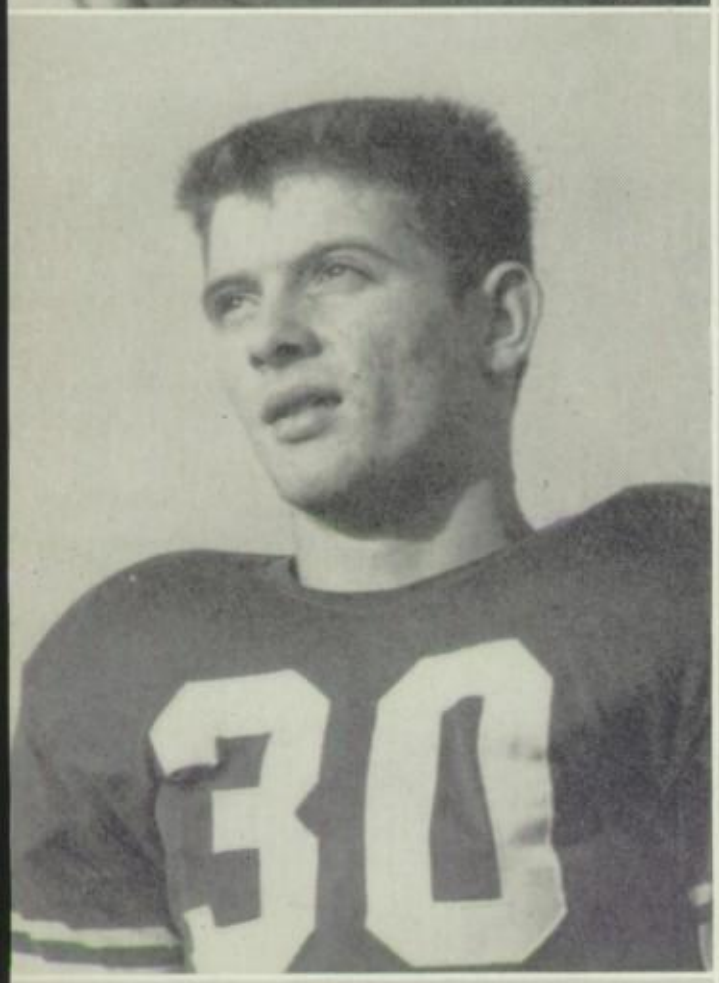
ROYCE PIPKIN

170 lbs. Halfback. Four year letterman. "Tex" was the outstanding back on the team. He led the league in scoring for three years. He was all-conference first team three years running. Tex kept the team morale up.



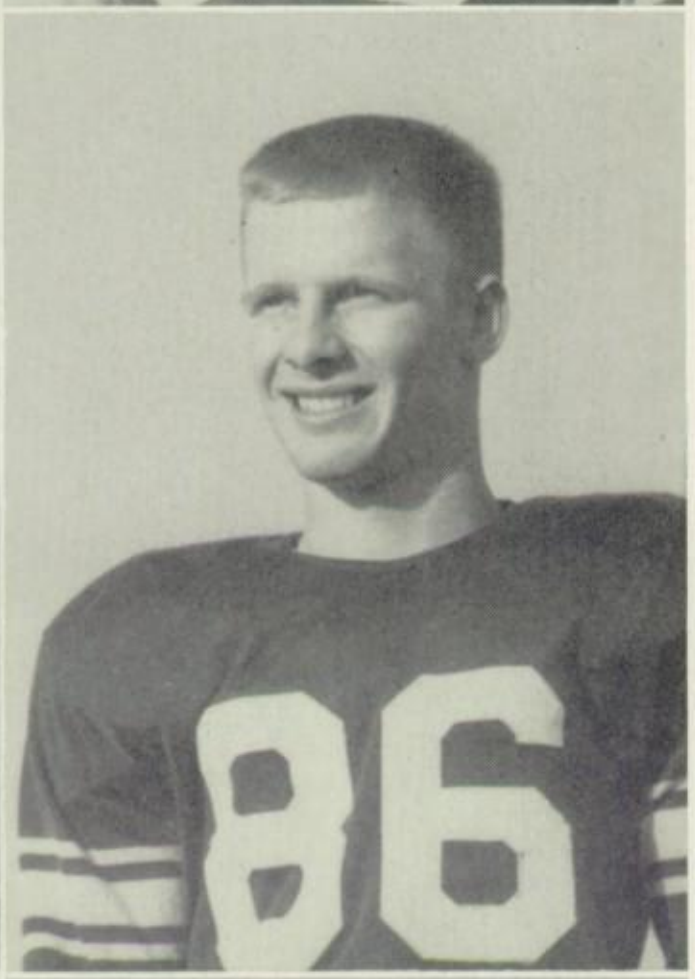
JIM HOLBERT

165 lbs. Halfback. Four year letterman. Jim played with a bad ankle most of the year. He was an outstanding defensive back. Playing offensive fullback in the Weed game, Jim did a great job.



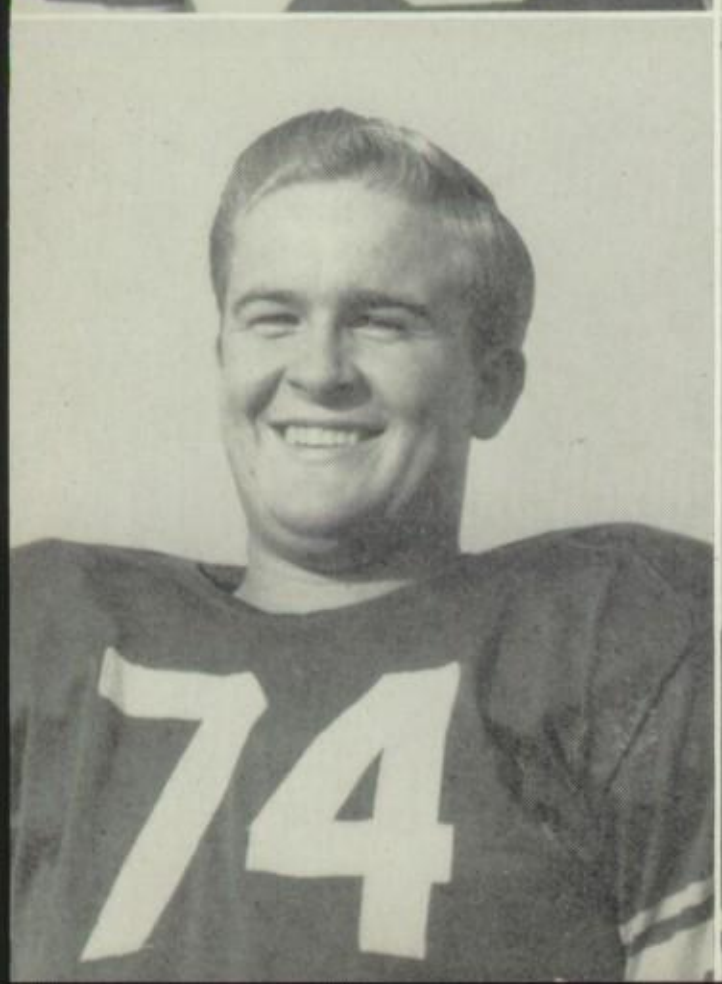
ERIC O'BRIEN

150 lbs. Halfback. Three year letterman. He played both offense and defense. His ninety-two yard run against McClatchy was one of the highlights of the season.



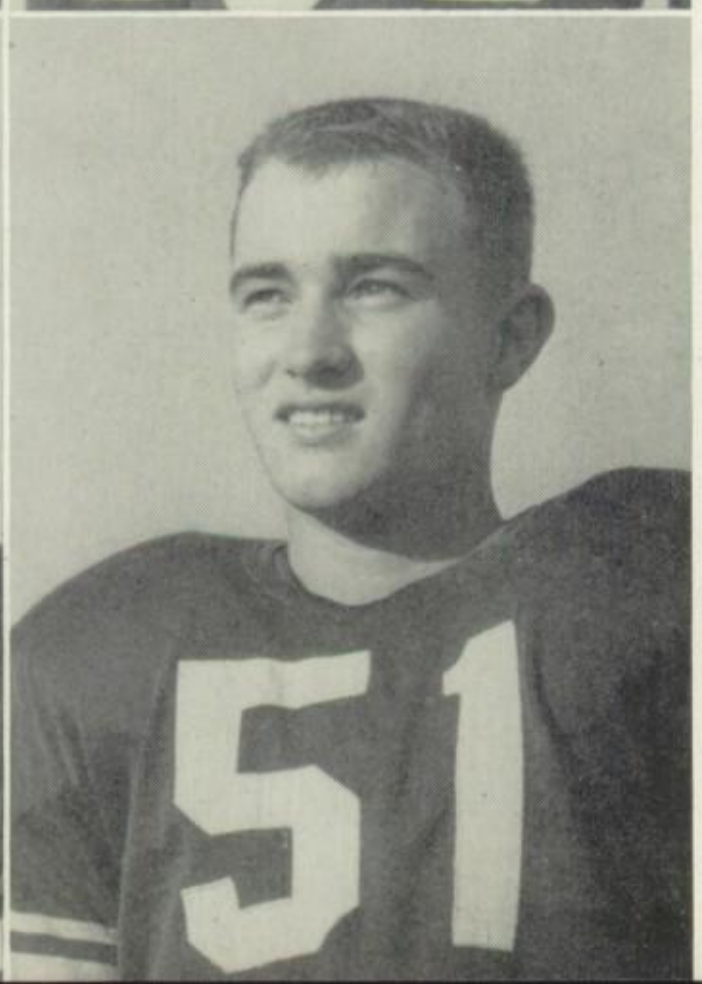
ERIN O'BRIEN

145 lbs. End. Three year letterman. Good downfield blocker, and pass catcher, Erin set up many touchdowns with his outstanding play.



MIKE GOWER

179 lbs. Tackle. Three year letterman. Mike was a defensive standout. He never let down. Mike was often the fifth man in the opponent's backfield.



TERRY RILEY

155 lbs. Center. Two year letterman. Terry filled in any place that a man was needed, but played mostly defense. He was a great team man.

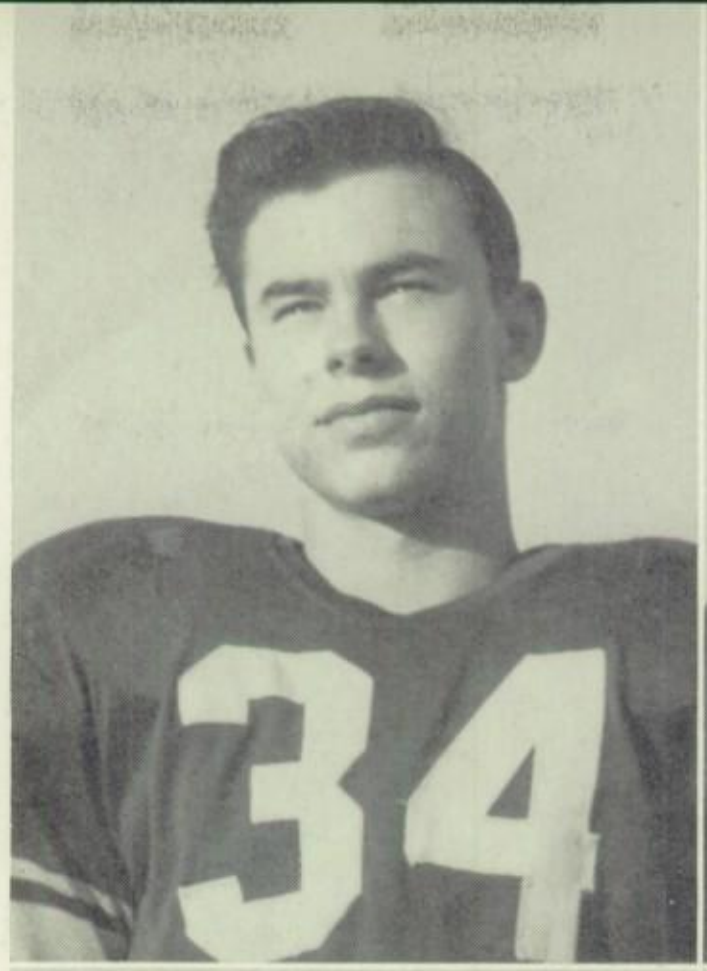
LETTERMEN

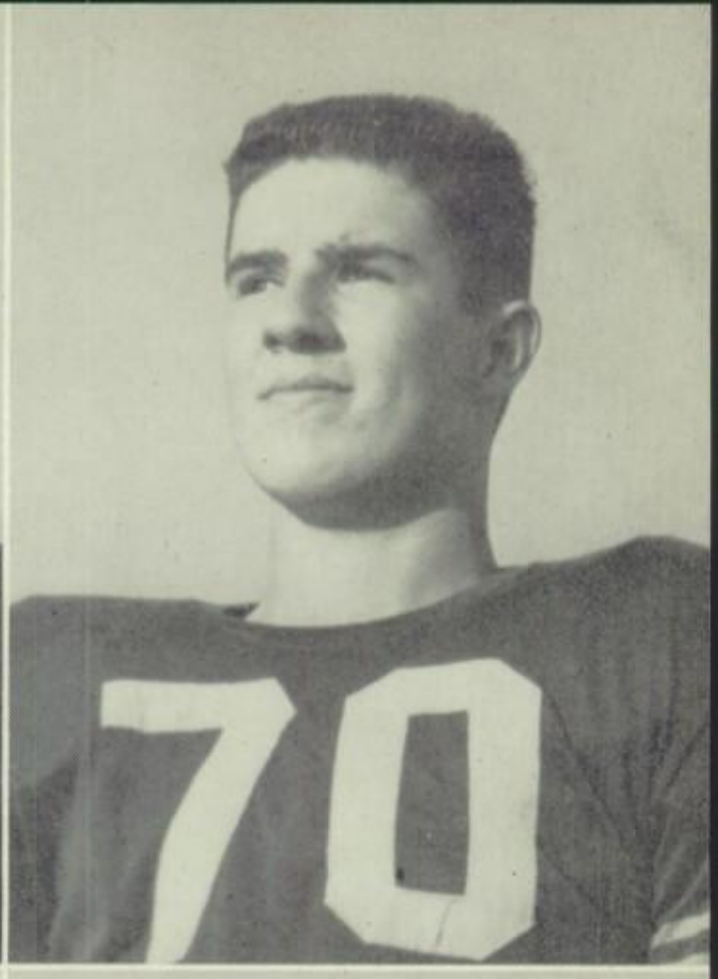
GENE WAHL

145 lbs. Halfback. Two year letterman. Playing defense was Gene's specialty. Many times his speed saved the day for Shasta.

BOB McGRATH

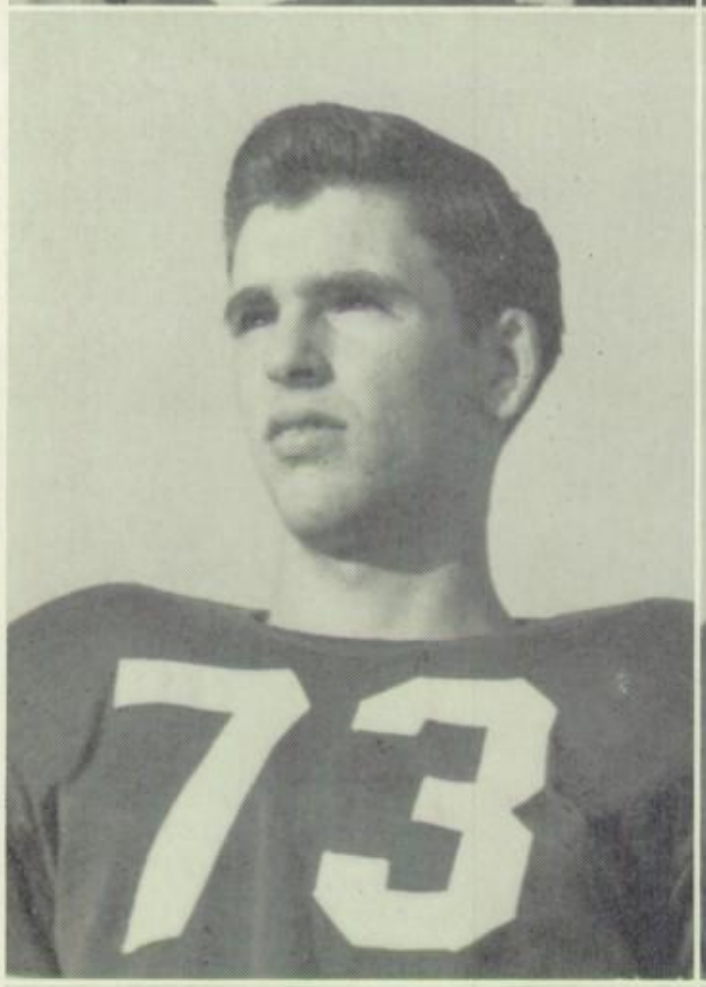
176 lbs. Tackle. One year letterman. Bob played both offense and defense. The rougher it got the better Bob liked it.

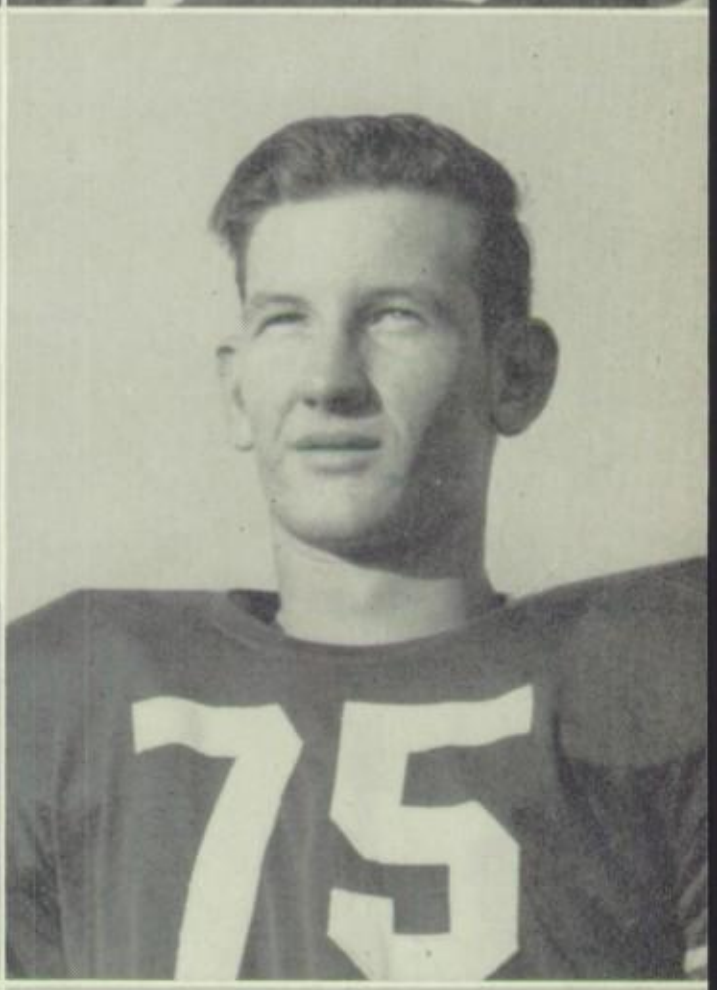




JOHN FITZPATRICK

159 lbs. Tackle. Three year letterman. Fitz was a great blocker. He was always working to make the team better.





FRANK BAXTER

180 lbs. Tackle. One year letterman. With Frank at his best, Shasta could not be stopped. Always ready to go, Frank was a big gun in the attack.

BILL KIMBALL

151 lbs. Quarterback. Four year letterman. Bill scored the first touchdown of the year against Reno. First team all-conference.

COACH GRIMM

VARSITY FOOT

For the sixth straight year the Wolves captured the League Championship. Led by All-Northern California halfback Royce Pipkin, the Wolves won seven and lost two. With Carl and Sanders as co-captains, Shasta ran its record up to twenty-six straight league games without a loss.

"A" BASKETBALL

Under Coach Carter's leadership the Wolves brought home a Co-Championship. This is the first time in four years that the Wolves have been league Champions. Friebel, Preaseau and Ellis were outstanding. Brewer and Forry were often the added power that was needed for victory.

In the Acker Tournament Shasta was third place team, but the Wolves were the only team in the tournament to beat Alameda high. Alameda went on to beat Chico in the Tournament of Champions.

FIRST ROW, left to right: M. Posey, Manager; D. Brewer, K. Forry, M. Preaseau, D. Friebel, G. Ellis. SECOND ROW: J. Little, F. Morrison, G. Collins, G. Effenbeck, L. Leonard, M. Stephens, J. Jones, Coach Carter.

1953 PROSPECTS

With the loss of three lettermen from last year's Champions, the Wolves are setting up for another Championship. Under Coach Grimm's able leadership Shasta has already made a fine showing.

In the first five games this year the Wolves have won four and lost one. Dodd, Maxham and Stafft make up one of the greatest pitching staffs that Shasta has had in many years.

FIRST ROW, left to right: E. Davis, B. McCullough, R. Gladwell, B. Frembling, K. Wagers, A. Little, L. Coppage, B. Packard, D. Marlow. SECOND ROW: D. Harrow, Manager; F. Hoxie, C. Burleson, B. Scott, G. Little, G. Pettyjohn, W. J. Jones, M. Stephens, D. Stewart, Coach Grantham.

TRACK

Last year as in the years past Shasta had a fine track team. With such stars as Hoxie, Stephens, Wahl, Burleson, Chiara, Jones, Marlow and Reed, the B team again were NSCIF champions. The A team had many standouts with men like Coppage, Frembling, Little, Preaseau, Stewart and Wagers, but lost out in the last few events. The C Team was the hard luck team; after fighting it out all the way the C's were nosed out by a few points.

Carl, D. Friebel, D. Stewart, D. Elliott, J. Campaign, R. Mancosola.

VARSITY CLUB

Headed by able presidents Bob Carl and Joe Golenor the Varsity Club this year reached new heights of honor. The football queen was again chosen by the Club. In the Spring the Varsity Club successfully presented the annual boxing show, with all proceeds going to the athletic injury fund.

March 27 was the date of Frontier Day.

BASKETBALL

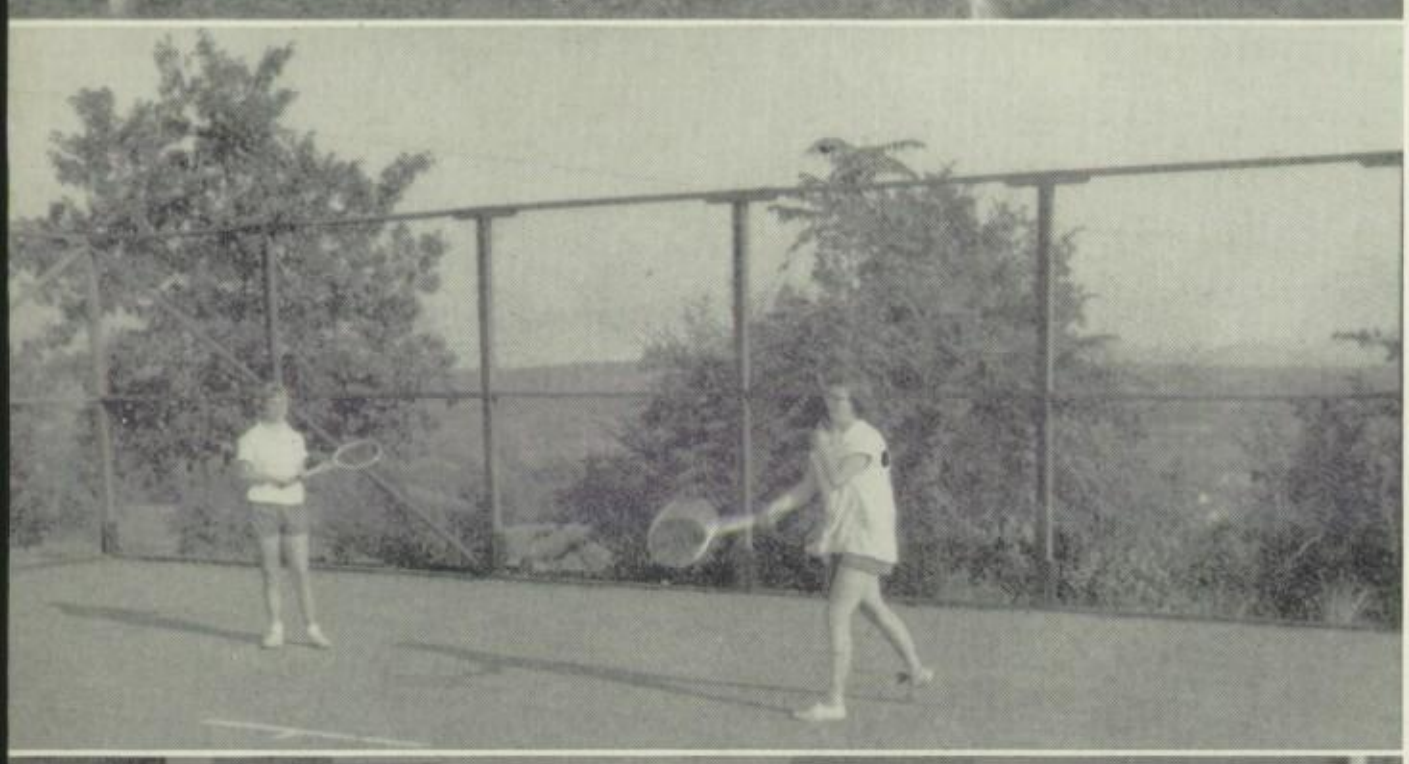
Basketball proves to be one of the most exciting and well-liked games in the gym classes. Girls' basketball proves to be just as exciting as boys'. All the girls enjoy playing this sport.

SPEEDBALL

Speedball is a combination of basketball and football, and requires a great deal of skill. This sport is played in the fall.



TENNIS

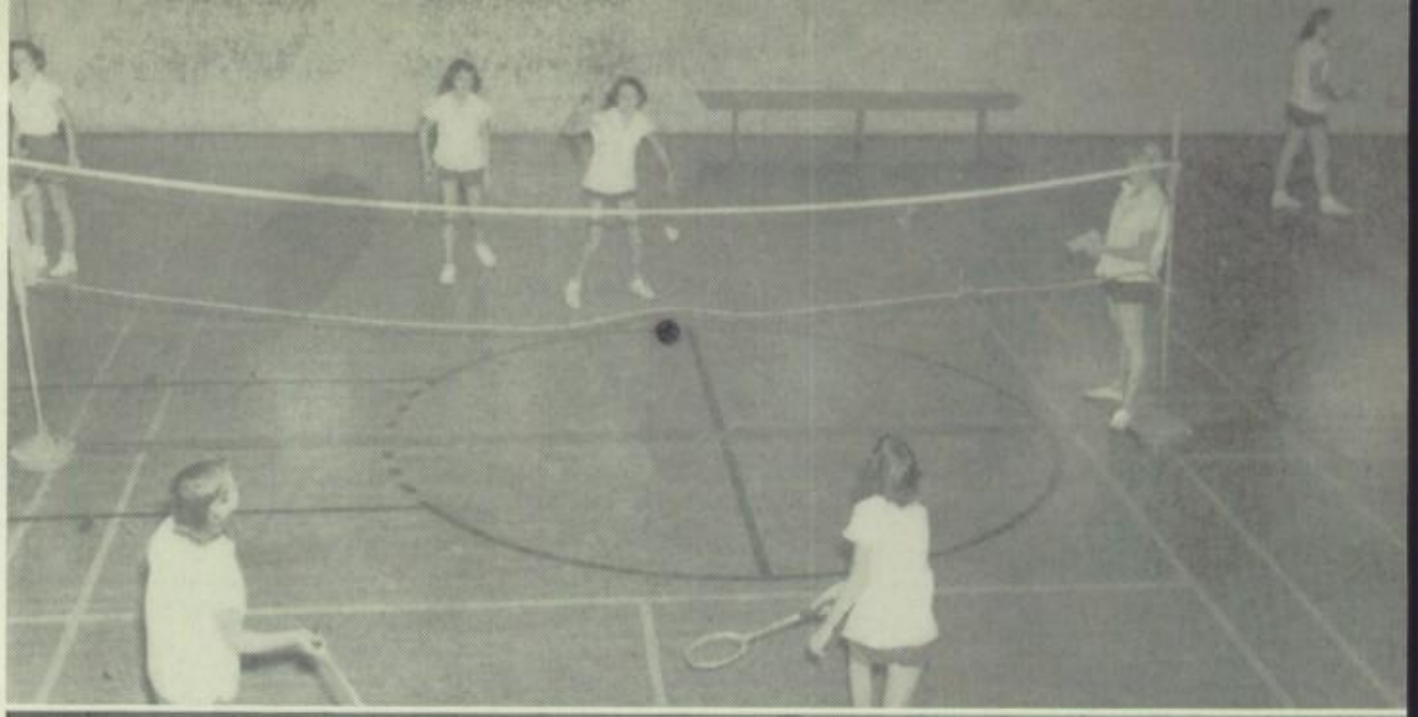
Tennis is a sport that is usually played in the spring and is enjoyed by most girls in their gym classes.

VOLLEYBALL

Volleyball is always an exciting game which the girls like to play. It requires alertness and skill.

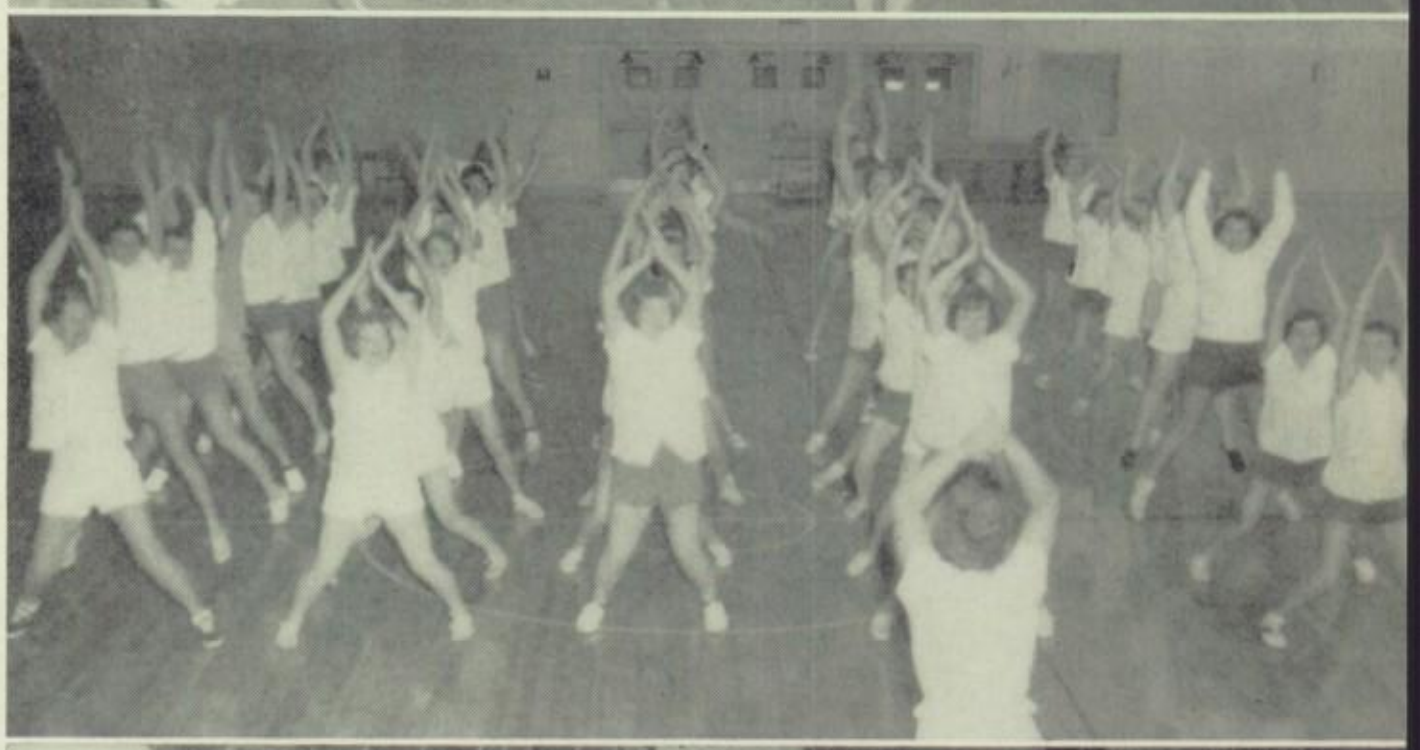
BADMINTON

Badminton, one of the first games taught to the girls, is a favorite and exciting sport. This game proves to be one of the major sports in the school year.



EXERCISE

Exercise is really not a sport at Shasta, but the girls have a lot of fun doing the exercises.

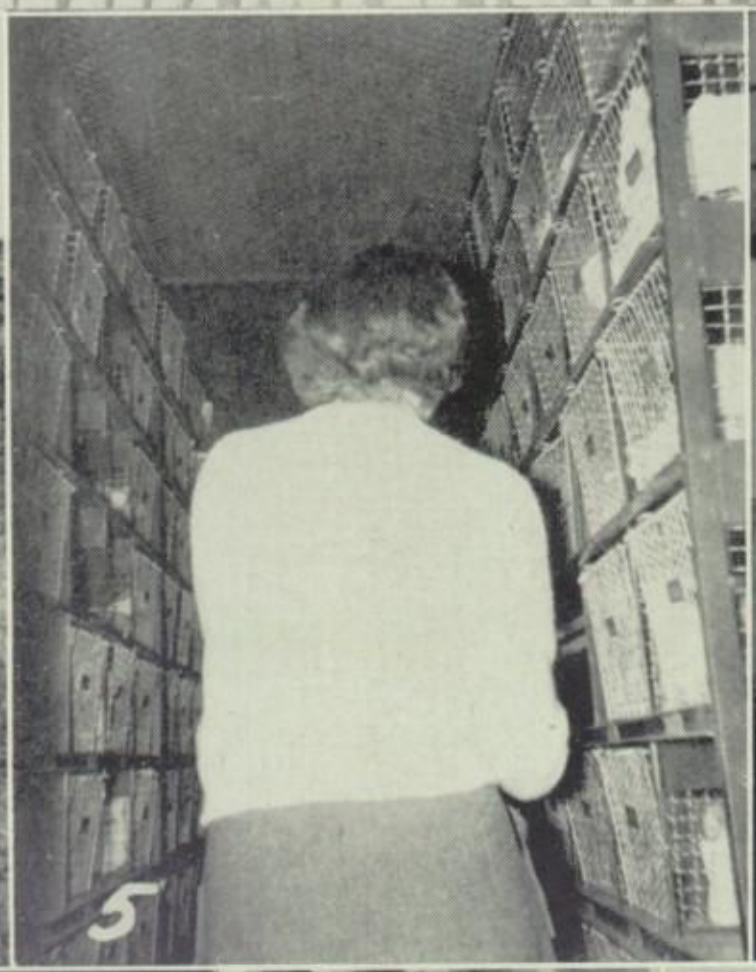


SHUFFLEBOARD

Shuffleboard is another sport played and enjoyed by the girls in the gym classes. It is played a lot during the winter months.

SOFTBALL

Softball, one of the games which gets the girls outside to play in the fresh air and sunshine.



1. Boy, what fun.
2. Is the popcorn good?
3. Petting Cokey.
4. Bringing up the rear.
5. Getting the baskets out.
6. Hurry up, you'll be late.
7. Did she make it?
8. None of that now.
9. Anyone absent?

Pat;

Well baby-doll its finally here. The last 2 weeks of school. It sure has been fun these past 4 years. Pat just keep that sunny smile on your face. It might come in handy sometime. I sure do wish you good-luck with Your Hon. And I'm sure my Don wishes the very same thing. Maybe sometime during the vacation we can double date I hope. Good luck to you in everything

See Ya!

Pat!

class of "53"

Since I have come real aquainted with you I like you more and more. You and I have had some good times together, and sad times. I get more fun out of you than a pet coon. Besides having fun I also enjay having those little talks about boys, things and more boys, I feel that you are a real friend and you are. I dont know whats going to happen when we get out of this Burg but I hope that what ever it is will be good. We will probable see more of each other, I hope!

I hope that on graduation night you have a real big, high, and wide time. Right now I dont know whats going to be on the fire for me but I know that you will have a real swell time. Ill be so beautiful that boys will be lined up for blocks (don't I wish.)

Its hard to put things in writting but you know that you will always be welcome in my door any time. Youre a real swell gal and I hope that you stay that way, and so does any one else.

Your ever loven Pal
